L	Stream Deck and Tech Test Run	5	152

Page numbers are the page of the complete book PDF. Each part is also a separate PDF in 01_Production_Book/Sections. Part J reproduces the licensed script: production use only.

The show at a glance

- **Show control:** QLab fires every cue. The Mantra show is split by scene — Act One on P2, Act Two on P3, the ten songs on P4, FX on P5, looks on P6–P7 and a full backup list on P8.
- **Flashes:** the six flash returns are timed by QLab pre-waits, so no link times are typed into the desk.
- **Releases:** 31 Level=0 messages release each memory as the show leaves it.
- **Songs:** ten song groups (S1–S10) with 66 section GOs on their own P4 looks.
- **Key sequences:** the storm, the transformation, the jellyfish and the voice transfer with HAYWIRE from Q57 to Q57b.
- **Looks:** the colour-forward looks are shown as colour swatches for every cue (Parts A, B, D, I).
- **Backdrops:** 21 in the cue plan plus 5 spares, shown as real images with their prompts (Part I).
- **Script:** paged to the licensed script revised April 2026 (Parts G, H, J and the cue sheets). Casting is from the 28 September 2026 casting sheet.
- **Open items:** Part A R-28 to R-31, plus the To Find and Confirm list.

Show files this book describes

File	What
TLM_Show_R13_1.qlab5	QLab 5 workspace — 479 cues, 83 master groups, songs S1–S10, emergency E1–E3
TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr	Mantra Lite show — 153 positions over P2/P3/P4, FX P5, looks P6–P7, backup P8
R13_MANTRA_SECTION_MAP.csv	Every QLab → Mantra target (page, memory, cue)
R13_MEDIA_MANIFEST.csv	The 80 media files the workspace uses
R13_1_QLAB_AND_DESK_FIX_LIST.csv	Show-control fixes and what is still to do
docs/FOH_Flashing_Lights_and_Haze_Notice.pdf	Front-of-house notice, ready to print

Document control

Rev	Date	Notes
R13.1	28 Sep 2026	Production book for the show files listed above, the April 2026 script and the 28 Sep 2026 casting

WORKING DOCUMENT

Everything is built from the show files. Levels, colours and timings are starting recipes. Confirm them in the venue and record changes in pencil and in the show report.

PART A Master Technical Production Manual

Production basis, systems, lighting, sound, projection, effects, the 83-cue show run, procedures, recommendations and worksheets — for the R13.1 show.

Revision R13.1 · 28 September 2026

PLANTAGENET HALL · REVISION R13.1 · 28 SEPTEMBER 2026

Master Technical Production Manual

Lighting · Sound · Projection · QLab · LSC Mantra · StudioLive · Haze · Stage management · Effects · Show control

System	Project configuration
Production basis	Licensed script, Nick Lawrence Pantomimes, revised April 2026 (55 pp as supplied); casting sheet 28 Sep 2026
Venue	Plantagenet Hall — installed LED rig, FOH truss, two stage bars, floor booms, projector and screen
Lighting control	LSC Mantra Lite + 2 wings · TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr
Show control / media	QLab 5 · TLM_Show_R13_1.qlab5 — one GO fires light, sound and video
Audio	PreSonus StudioLive 16 · radio mics + QLab stereo return ch 11–12
Effects	Hazer #40, optional mirror ball + pinspots, water pistols where approved

IMPORTANT STATUS

A production planning, programming and operating manual. Fixture modes, rigging loads, power, projector throw, fire-alarm interaction and final stage dimensions must be verified on site. It is not a structural, rigging, electrical or fire-engineering certification.

Document control

Item	Detail
Revision	R13.1
Date	28 September 2026
Show files	TLM_Show_R13_1.qlab5 · TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr · folder TLM_R13_REBUILT_Show_Files
Companion parts	B Lighting · C Patch · D Mantra · E QLab · F Cue sheets · G DSM script · H Props · I Projection · J Prompt copy · K Quick reference · L Stream Deck & tech test

The show at a glance

- **Show control:** the Mantra show is split — P2 Act One scenes, P3 Act Two scenes, P4 songs, P5 FX, P6–P7 look library, P8 the full 153-position backup. QLab targets the exact memory and cue for every step.
- **Colour-forward lighting:** strong LX1 colour, side light, LX2 backlight and PixBar movement over neutral faces; fast colour snaps on musical impacts; no strobe (Part B).
- **Songs:** ten song memories (S1–S10) with 66 section cues; nine tracks supplied (S2, S3, S5 still vocal versions; S7 to choose).
- **Timing:** flash returns are fired by QLab (no desk link times), memory releases stop looks stacking, HAYWIRE runs from Q57 to Q57b, Q19.2 is the rain burst, and songs fade and stop on the next scene cue.
- **Projection:** 21 backdrops in the cue plan, matched to the script's cyclorama calls, seamless 15–16 s loops (Part I).
- **Script:** paged to the licensed script (revised April 2026, 55 pp); the contents list a Scene Eleven that has no text (R-01).
- **Casting:** microphone plan and beginners built from the casting sheet (S8).

Key: teal boxes = recommendations (R-xx), coral = verify on site / safety, navy = operating rules, yellow = to action before tech.

R Recommendations register

16	13	2	4			
high priority	medium priority	low priority	to action before tech (R-28 to R-31)			
ID	Priority	Area	Recommendation	Owner	Ref	Done
R-01	High	Script	Scene Eleven is in the contents but not the text; confirm with director/licensor	SM / Director	\$12	☐
R-02	High	Lighting	Use the venue's 12 Lightsky profiles for face light and specials	LX / TD	\$6	☐
R-03	High	Show control	One cue language across every system (QLab number = master cue; desk names carry it)	SM / all ops	\$7	☐

ID	Priority	Area	Recommendation	Owner	Ref	Done
R-04	High	Safety	Flash, haze and loud-effect warnings; single hits only, ≤3 flashes/s — FOH notice supplied	TD / FOH	\$10	☐
R-05	High	Electrical	RCD protection and test-and-tag for all show power	TD / venue	\$5	☐
R-06	High	Audio	Wireless mic frequencies legal and coordinated	Sound op	\$8	☐
R-07	High	QLab	Harden the show Mac	QLab op	\$7	☐
R-08	High	Redundancy	Emergency playback rig on StudioLive ch 13–14	Sound / QLab op	\$16	☐
R-09	Medium	Audio	Wireless count 8 + 1 spare minimum	Sound / producer	\$8	☐
R-10	Medium	Lighting	Keep the venue's two-universe patch	LX	\$6	☐
R-11	Medium	Projection	Projector centre stage towards the back: throw, shadows, signal	Projection	\$9	☐
R-12	Medium	Stage	Make blackout scene changes safe	SM / deck	\$11	☐
R-13	Medium	Haze	Written haze plan with the venue	TD / venue	\$10	☐
R-14	Medium	Rigging	Secondary safety on the mirror ball	Venue / TD	\$10	☐

R-16	Medium	Comms	Two-channel headset plan	SM / TD	\$2	☐
R-17	Medium	Network	Fixed 2.0.0.x addresses on one wired show network	TD	\$3	☐
R-18	Medium	Crew	Name a Deck/ASM and a FOH manager	Producer	\$2	☐
R-19	Low	Audience	Consider a relaxed performance	Producer / Sound	\$8	☐
R-20	Low	Documentation	Photograph each look at dress	LX	\$6	☐
R-21	High	QLab	Licence QLab — R13.1 fires every lighting cue from QLab	Producer / QLab op	\$7	☐
R-22	High	Rigging	Rate the projector bar and bond the projector	Venue / TD	\$9	☐
R-23	High	Safety	Water pistols are scripted to hit the audience	Director / TD / FOH	\$11	☐
R-24	High	Rigging	Two stage bars and side booms: loads, bases, wing space	Venue / TD	\$4	☐
R-25	Medium	Lighting	Turn the upstage bar away from the projection screen	LX	\$4	☐
R-26	High	Rigging	Floor booms in place of side trusses	TD / producer	\$4	☐
R-27	High	Crew	One show operator: keep the sound mix simple	Producer / Sound	\$2	☐
R-28	High	Audio	Supply the backing tracks (S2, S3, S5, check S4), the S7 song and the ten silent placeholders before dress	MD / Sound	\$8	☐
R-29	High	Show control	Set the show-Mac QLab settings (audio, video, network interface) and add the Mantra OSC trigger	QLab op / LX	\$7	☐
R-30	Medium	Lighting	Check the colour-forward looks from the house — faces, screen washout, bold backlight choices	LX / Director	\$6	☐
R-31	Medium	Show control	Agree who calls the 56 song-section GOs (DSM or QLab op to the music)	SM / QLab op	\$12	☐

1 Production basis and technical philosophy

Fixed lighting and reliable local fallback rather than moving-head dependence or fragile automation. The projector gives scenery and motion, the fixed rig lights performers, QLab plays media and fires the Mantra, the StudioLive mixes microphones. Haze and the mirror ball are selective effects.

Requirement	Technical response
No moving heads	Zone washes and pre-focused specials; crossfade specials to suggest movement (voice transfer)
Projection screen	Front/key beams kept off the screen; projection for environment, lighting for performers
Colour-forward design	Energy from LX1, side, back and PixBars; FOH faces stay near-white
One show operator	QLab GO fires light, sound and video together; Mantra and StudioLive beside the Mac as fallback
Haze	Short, controlled bursts for underwater, storm, magic and lair; clear air for dialogue

OPERATING PRINCIPLES

- 1 Actor-paced cues are manual GOs — never hard-timed to a line.
- 2 Mantra is the lighting master: the show must stay runnable from the desk (P2/P3/P4 memories).
- 3 StudioLive is the live-audio master; QLab playback is separate from live mics.
- 4 Projection is enhancement: every scene must read with lighting alone.
- 5 Safety and visibility first: stop water, haze or flash effects if conditions become unsafe.
- 6 The same cue numbers in the prompt book and every operator sheet (R-03).

2 Crew structure and communications

Role	Responsibility	Comms
Technical Director	Integration, safety sign-off, patch, backups, technical decisions	B
Stage Manager (DSM)	Prompt book (Part J), standbys/GOs (Part G), scene changes, emergency calls	A + B
Show operator (QLab + desks)	GO in QLab (fires light, sound, video); Mantra and StudioLive fallback	A
Sound (if separate)	StudioLive mix, radio mics, spare-mic response	A
Haze / FX	Haze and effects on cue, within venue rules	A
Deck / ASM	Props, tabs, water, shell/plinth, jellyfish, drying and resets (R-18)	B
FOH manager	Audience safety, house-light moments (Q13, Q64), sensory warnings (R-04)	B / phone
Call	Meaning	
STANDBY	Operator prepares the cue and confirms ("QLab standing by")	
GO	Execute the called cue now	
HOLD	Do not execute; keep the current safe state	
GO LX ONLY / GO SOUND ONLY	Execute that part only	
STOP PLAYBACK	Stop QLab playback without muting live mics	

R-16 • R-18 • R-27

Channel A carries show calls, Channel B tech/backstage. Name a Deck/ASM and a FOH manager. With one show operator, keep the sound mix simple: principals on one DCA, playback on another.

3 System architecture, signal flow and network

From	To	Connection / purpose
QLab Mac	Mantra Lite (2.0.0.1)	OSC /PlayMemory over UDP port 8000 — every lighting cue, releases, flash returns
QLab Mac	StudioLive ch 11–12	Stereo playback return (USB)
QLab Mac	Projector	HDMI via HDBaseT/active cable to centre stage — backdrops and VID-99 black
Stream Deck	QLab Mac	USB — GO, Panic, E1–E3 hotkeys
Mantra	Fixtures	U1 DMX from the desk XLR · U2 Art-Net/sACN to a node (2.0.0.10) for the C42s
StudioLive	PA / monitors	Main L/R, Aux 1–2
Device	Address	Notes
Mantra Lite	2.0.0.1	In the show file; Art-Net + sACN on (turn off the unused one)
Art-Net/sACN node	2.0.0.10	Universe 2
QLab Mac	2.0.0.20	Manual IPv4, Wi-Fi off
Backup Mac	2.0.0.21	Optional
StudioLive (UC Surface)	2.0.0.30	Optional
Tablet / remote	2.0.0.40	Optional

FALLBACK HIERARCHY

Network fails: run lighting from the Mantra P2/P3/P4 memories. QLab fails: live mics stay on the StudioLive, lighting from the desk, songs from emergency playback (R-08). Projection fails: continue on lighting. One failure never stops the show on its own.

4 Venue, stage and lighting layout

The venue's own rig as patched: 12 Lightsky 8800-C42 profiles (#1–12), 10 Tour Pro Zooms (#13–22), 11 TourCOB PARs (#23–32, 39), 6 PixBars (#33–38) and the hazer (#40). FOH truss #1–8; LX1 #9–18; LX2 #19–20, 23–28, 33–39; SR boom #21, 29, 30; SL boom #22, 31, 32. The projector hangs centre stage towards the back and throws upstage. Rig plan, positions and focus: Part B §1 and §7; Quick Reference card 1.

R-24 • R-25 • R-26

Confirm bar loads, boom bases and wing space. Turn LX2 away from the screen — the show runs the backlight hard. Use a weighted floor boom in each wing (no side trusses).

5 Power, data, cable and rigging

System	Arrangement	Pre-show check
Lighting power	Venue lighting circuits, RCD-protected	Circuit ID, connectors, strain relief
Audio power	Same phase/earth where possible	Hum, overload, chargers
Projector	Dedicated outlet	Warm-up, ventilation, signal, bond
Haze	Supply to rating and venue policy	Fluid, detector isolation logged
Show network	Unmanaged switch, labelled Cat6	Link lights, addresses
Compliance	In-date test-and-tag (AS/NZS 3760)	Untagged items quarantined

Keep water trajectories 2 m from joins, floor boxes, the projector and FOH control. Terminate every DMX line; never Y-split DMX. Rigging, loads and permanent wiring are for the venue or a qualified person (R-05).

6 Lighting system and LSC Mantra

Full design in Part B and programming in Part D. The R13.1 show file holds:

Page	Contents
P1	Venue / rig base — M1 STAGE WORK · M2 FULL WHITE · M3 WARM · M4 COOL · M5 BLUE · M6 RED · M9 PIXBAR WASH · M10 CURTAIN CALL
P2	Act One — scene sections — M1 Q1–11 · M2 Q12–17 · M3 ship/storm Q18–27.5 · M4 shore/duet Q28–30.5 · M5 bar/transformation Q31–37 · M6 interval Q38 · M9 WORK/FOCUS · M10 SAFE LIGHT
P3	Act Two — scene sections — M1 palace Q39–44 · M2 jellyfish Q45–49 · M3 lair/voice/haywire Q50–58.5 · M4 dry land Q59–59.7 · M5 wedding Q60–63.5 · M6 bows/end Q64–65
P4	Songs — M1 S1 Rock Lobster ... M10 S10 He's a Pirate
P5	FX / chases — M1 WARM CHASE · M2 COOL CHASE · M3 PARTY CHASE · M4 HAZE · M5 HAYWIRE · M6 JELLY PULSE
P6	Look library — M01 BLACKOUT ... M10 MAGIC
P7	Look library — M11 LAIR ... M16 BOWS · M7 = M17 SAFE LIGHT
P8	Backup / reference — M1 = the full 153-position list (BACKUP - 01 PRESHOW ...)

Look library as programmed

Swatch order: **Face** (FOH #1–6) · **Top** (LX1 #13–18) · **Side** (booms) · **Back** (LX2 COB) · **Pix** (PixBars) · **Spec** (specials). Colour as programmed in the show file, darker = lower level, black = off.

Look	Desk	Layers	As programmed
M01 BLACKOUT	P6 M1		all out
M02 HOUSE	P6 M2		Back 10% blue
M03 UNDERWATER	P6 M3		Face 55% cool white · Top 55% cyan · Side 60% lime · Back 88% red
M04 COMEDY	P6 M4		Face 85% warm white · Top 72% hot pink · Side 68% violet · Back 62% sky blue
M05 ROYAL	P6 M5		Face 75% warm white · Top 65% gold · Side 60% hot pink · Back 82% violet
M06 SHIP	P6 M6		Face 70% warm white · Top 58% blue · Side 55% teal · Back 80% orange
M07 SHORE	P6 M7		Face 75% orange · Top 62% cyan · Side 58% lime · Back 66% red
M08 STORM	P6 M8		Face 35% cool white · Top 28% violet · Side 48% blue · Back 100% teal · Pix 72% warm white + lime
M09 LIGHTNING	P6 M9		Face 100% cool white · Top 100% sky blue · Side 100% cyan · Back 100% gold · Pix 100% sky blue + red
M10 MAGIC	P6 M10		Face 45% deep blue · Top 60% teal · Side 66% orange · Back 92% magenta · Pix 82% lime + violet
M11 LAIR	P7 M1		Face 30% cool white · Top 34% violet · Side 46% sky blue · Back 88% green
M12 VOICE SHELL	P7 M2		Face 5% cool white · Side 16% lime · Back 18% red
M13 JELLYFISH	P7 M3		Face 65% warm white · Top 68% hot pink · Side 70% violet · Back 80% sky blue · Pix 78% magenta + cyan
M14 DRYLAND	P7 M4		Face 80% warm white · Top 60% orange · Side 52% magenta · Back 56% warm white
M15 WEDDING	P7 M5		Face 90% warm white · Top 78% gold · Side 70% hot pink · Back 88% violet

Look	Desk	Layers	As programmed
M16 BOWS	P7 M6		Face 100% warm white · Top 88% magenta · Side 82% sky blue · Back 90% cyan
M17 SAFE LIGHT	P7 M7		Face 70% white

R-30

The looks are deliberately bold. At the focus session check every look from the house: faces readable, screen not washed out, and bold choices (e.g. coral-red backlight in M03 UNDERWATER) agreed with the director. Photograph each look at dress (R-20).

Before the show	During the show	If something goes wrong
Load the show; fire E3 SAFE LIGHT and one cue per memory from QLab	Single operator: GO in QLab on the SM's call fires the lighting	QLab/network down: run the matching P2/P3/P4 memory with Next Cue; press Next Cue again after each flash. Emergency: SAFE LIGHT P2 M10. Never replay a missed flash.

7 QLab programming and show control

Full guide in Part E. The workspace is already built: 479 cues — 83 master cue groups, 10 song groups and E1–E3. Cue number = master cue number; Mantra desk cues carry the same number in their names (R-03).

- ☐ Dedicated show user; sleep, screen saver, notifications, updates off
- ☐ Show folder on the Desktop with its exact name
- ☐ Audio patch → StudioLive, video stage → projector, network interface → Ethernet (R-29)
- ☐ E1–E3 hotkeys F15/F13/F14
- ☐ Wi-Fi and Bluetooth off
- ☐ Licence active (R-21)
- ☐ Mantra OSC Play Memory trigger on port 8000 (R-29)
- ☐ Show Mode for every performance

R-21 · R-29

R13.1 fires every lighting cue from QLab, so the licence is essential. The audio device, video screen and network interface can't be stored in the file — set them on the show Mac, and add the OSC remote trigger on the desk.

8 Sound system and StudioLive

Input plan (from the casting sheet)

Ch	Source	Method	Notes
1	Ariel (Hayley)	Headset/radio	Lead vocal: Part of Your World, Time of My Life; offstage voice lines (Scene Eight)
2	Prince Evan (Jett)	Headset/radio	Sea Shanty, Time of My Life
3	Octavia (Hannah)	Headset/radio	Poor Unfortunate Souls; villain dialogue
4	Dame Beluga (Michelle)	Headset/radio	Feeling Good; audience interaction
5	Willis (Eliott)	Headset/radio	Sea Shanty
6	Flanders (Kelly)	Headset/radio	Comedy lead — watch peaks
7	Queen Marina (Lorraine)	Headset/radio	Dialogue; man's voice offstage at Q56
8	Theodore / Godfrey (Emma / Jeff)	Radio, shared only if changes allow	Mute the inactive performer
9–10	Area / overhead L/R	Condensers	Sailors (Grace, Aubrey, Isabelle) in the Sea Shanty; ensemble
11–12	QLab L/R	USB return	Playback, minimal processing
13–14	Emergency playback L/R	Backup device (R-08)	Muted; unmute only on SM call
15–16	Spare / Spirits	Spare radio	Candidate: Spirit of the Sea 1/2 (Kerry, Tracey) — key speeches at Q28, Q62

Who sings what (casting sheet)

Role	Actor	Sings	Dances
Ariel	Hayley	Part of Your World · Time of My Life	Absolutely Everybody
Dame Beluga	Michelle	Feeling Good	Absolutely Everybody
Flanders	Kelly		Rock Lobster · Absolutely Everybody
Queen Marina	Lorraine		Absolutely Everybody
Octavia	Hannah	Poor Unfortunate Souls	Absolutely Everybody

Role	Actor	Sings	Dances
Theodore	Emma		Absolutely Everybody
Prince Evan	Jett	Sea Shanty • Time of My Life	Absolutely Everybody
King Godfrey	Jeff		Absolutely Everybody
Willis	Eliott	Sea Shanty	Absolutely Everybody
Slip	Flyn		Absolutely Everybody
Slap	Matthew		Absolutely Everybody
Spirit of the Sea 1	Kerry		Absolutely Everybody
Spirit of the Sea 2	Tracey		Absolutely Everybody
Jellyfish	Helen		Absolutely Everybody
Scarlotte / Sailor 3 / Courtier / Scary Fish	Grace	Sea Shanty	Rock Lobster • Crab Rave • Poor Unfortunate Souls • Absolutely Everybody
Paulette / Sailor 1 / Courtier / Scary Fish	Aubrey	Sea Shanty	Rock Lobster • Crab Rave • Poor Unfortunate Souls • Absolutely Everybody
Charlotte / Sailor 2 / Courtier / Scary Fish	Isabelle	Sea Shanty	Rock Lobster • Crab Rave • Poor Unfortunate Souls • Absolutely Everybody
Kandy / Courtier / Scary Fish	Shelli		Rock Lobster • Crab Rave • Poor Unfortunate Souls • Absolutely Everybody
Mermaid / Courtier / Scary Fish	Maddie		Rock Lobster • Crab Rave • Poor Unfortunate Souls • Absolutely Everybody
Dancer	Sarah		Crab Rave • Absolutely Everybody

Music — the ten songs

Song	At	Performed by	Track	Status
S1 Rock Lobster	Q8	MUS-A1-01	Original vocal recording	supplied
S2 Feeling Good (Austin Millz Remix)	Q14	MUS-A1-02	Backing / instrumental	vocal version - swap for backing
S3 Part of Your World	Q15	MUS-A1-03	Backing / instrumental	vocal version - swap for backing
S4 Wellerman (Sea Shanty)	Q18	MUS-A1-04	Backing / instrumental	check for vocals
S5 (I've Had) The Time of My Life	Q30	MUS-A1-05	Backing / instrumental	vocal version - swap for backing
S6 Crab Rave	Q40	MUS-A2-01	Original recording (instrumental)	supplied
S7 Jellyfish chorus (song to be decided)	Q46	MUS-A2-02	To be decided (backing, short chorus)	song still to choose (silent placeholder)
S8 Poor Unfortunate Souls	Q51	MUS-A2-03	Backing / instrumental	supplied
S9 Absolutely Everybody	Q63	MUS-A2-04	Original vocal recording	supplied
S10 He's a Pirate	Q64	MUS-FIN-01	Original recording (instrumental)	supplied

R-28

Before dress: backing tracks for S2 Feeling Good, S3 Part of Your World and S5 Time of My Life (and S4 if the file has vocals); choose the S7 jellyfish chorus; supply house/preshow, end of Act One, interval and exit music (Q1, Q2, Q37, Q38, Q65), Ariel's recorded line (Q42.5), the cue-card underscore (Q43), the soft resolve (Q11) and land ambience (Q59). Save each under a NEW file name and drag it onto the cue.

Sound effects

38 *_v2 files built from the 40-sound SFX pack, plus Q19.2 rain burst and Q57.5 voice-restore resolve. Beds loop (Q4, Q20, Q22, Q31, Q45, Q50, Q60); Q25 runs 60 s and Q26 90 s. Full map: Part E §6.

R-06 • R-09 • R-19

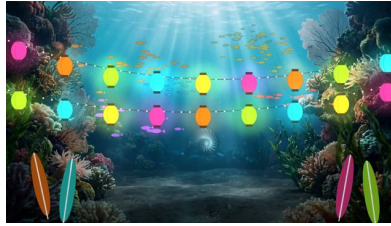

Legal, coordinated wireless frequencies (no 694–820 MHz). 8 radio packs + 1 spare; consider packs for the two Spirits. Check levels with an SPL meter for a family audience.

9 Projection and media

The backdrops in the cue plan (Part I). Each picture change is a 2 s crossfade in the same GO as its light and sound; blackouts fade to black (plus projector AV-mute).

Q4 • BG-02 Beneath the Waves — the coral

Q8 • BG-22 Rock Lobster beach party

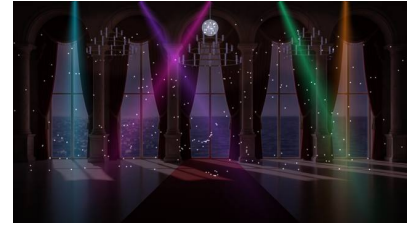

Q20 • BG-07 The storm

Q27 • BG-21 After the storm — clearing sky

Q39 • BG-18 Grand ballroom

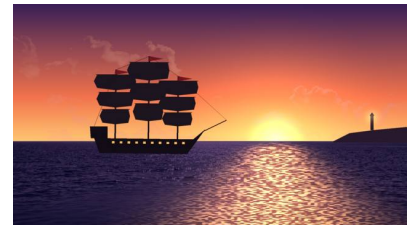

Q40 • BG-23 Ballroom rave

Q50 • BG-19 Dingy cave with jars and bones

Q60 • BG-20 Palace gardens wedding (outdoors)

Q64 • BG-26 Tall ship at sunset

R-11 • R-22

Confirm throw and screen fill, treat the strip between projector and screen as a shadow zone, run HDBaseT or active HDMI from FOH, and rate the bar and bond the projector.

10 Haze, mirror ball and atmosphere

Cue	When	Action	Master cue
HZ-01	Before opening	Short burst	03–04
HZ-02	Opening / underwater	Low haze	04–08
HZ-03	Before clear comedy	Stop / clear	09
HZ-04	Storm standby	Short burst	20
HZ-05	Storm peak	Controlled burst	25
HZ-06	Storm end	OFF	27
HZ-07	Magic standby	Short burst	33–34
HZ-08	Octavia's lair	Low haze	50
HZ-09	Voice transfer	Reduce / OFF	57
HZ-10	Finale (optional)	Low only	63

Haze = hazer #40 on Mantra **P5 M4** (50 % output, fan 50 %), run on its fader 20–40 s before the look. Mirror ball only with a rated motor and bond (R-14); pinspots #41–42 if used.

R-04 • FLASH AND HAZE NOTICE

Single white hits only (Q21, Q23, Q25, Q35, Q57b), never above 3 a second. Post the printed notice (docs/FOH_Flashing_Lights_and_Haze_Notice.pdf) at the doors and add a line to the programme. Written haze plan with the venue (R-13).

11 Stage, props and practical effects

Props list and presets: Part H. Water pistols at Q19.2 and Q58 spray the audience (R-23): clean water, small amounts, below head height, away from electronics and hearing aids, warning before the show.

Cue	Change	Controls (R-12)
17	Scene Two → Ship	Glow-tape marks; crew in blacks; SM confirms clear before Q18
37	Act One end	Tabs close first; house up only after the stage is clear
44	Palace → Jellyfish	Cue cards struck; jellyfish preset
49	Jellyfish → Lair	Shell plinth onto the SP4 glow mark; HZ-08 standby
58.5	Lair → Dry land	Towels, dry, strike plinth

12 Master cue run — 83 cues + 10 songs

One shared sequence for the prompt book and all operators, read from the R13.1 workspace. Page = GO page in the licensed script as supplied. Tinted = critical; blue = song (its section GOs follow the music).

Swatch order: **Face** (FOH #1–6) · **Top** (LX1 #13–18) · **Side** (booms) · **Back** (LX2 COB) · **Pix** (PixBars) · **Spec** (specials). Colour as programmed in the show file, darker = lower level, black = off.

Q	Moment	Trigger	LX / Mantra	QLab sound · video	FX / note	Page
1	Preshow preset	House opens	M02 HOUSE 	BG-01 · House music (placeholder)	Haze OFF; operators at preset	
2	House open	Audience admitted	M02 HOUSE 	Preshow music (placeholder)	Stage sealed / props preset

R-01 · R-31

The contents page lists “Scene Eleven: On the Shore” but the text runs Scene Ten (pp 51–54) straight to Scene Twelve (p 55); the Scene Five song listed on p 33 is also missing. Confirm with the director and licensor before cue lock.

Agree at the paper tech whether the DSM or the QLab operator calls the song-section GOs.

13 Critical-sequence cards

Sequence	Step	Lighting (Mantra)	Sound / video (QLab)	Haze / practical
Storm Q20–27	20	P2 M3 c4 M08 storm	Wind/rain loop · BG-07	HZ-04 burst
	21 / 23 / 25	White hit → return +0.2 s	Crack + thunder	Short flash only
	22 / 24	Storm build / ship lurch	Creaks · groan + water	Water only if approved
	26 / 27	Low tail → shore	Splash + bed · storm layers out · BG-21	HZ-06 off; dry stage
Transformation Q33–36	33 → 36	M10 build · white hit → 35b (+0.3 s) · SP1 → SP4	Magic build · impact · shell voice · BG-09	HZ-07
Voice transfer Q52–57b	52 → 56	Shell → V1 → V2 → V3 → V4 (0.3 s)	Shell magic · transfer sting ×4	Actors on marks
	57 / 57b	HAYWIRE chase on · restore hit, chase off, SP1 (+0.3 s)	Haywire SFX · restore resolve	HZ-09 reduce/off
Jellyfish Q45–49	45 → 47	M13 · pulse → return +1 s · repeats on P5 M6	Comic bed · S7 chorus · sting	Performer sightline

RECOVERY

Storm: stay in the storm and wait for the next action. Transformation: continue with the new state; never repeat the hit. Voice: go straight to the next correct special. HAYWIRE keeps running until Q57b fires.

14 Rehearsal and technical week

Session	Focus	Result
Paper tech	SM + operators walk all cues and song sections	Every cue has a trigger, page and owner (R-15, R-31)
Tech 1	Hang, patch, focus	All fixtures respond; specials focused; looks checked from the house (R-30)
Tech 2	QLab / projection	Show-Mac settings set (R-29); every backdrop on the real screen
Tech 3	StudioLive / mics	Casting-based mic plan; spare tested; scan done
Dry tech	Storm, transformation, voice transfer + HAYWIRE	Timings proven with stand-ins
Tech 4 / 5	Cue-to-cue Act One / Act Two	Flash returns, releases, song fades, Q57 → Q57b
Wet tech	Water + haze + projector	Effects safe with final cable positions
Dress 1–2	Full runs	Timing lock; photos of looks (R-20)

15 Pre-show, interval and post-show

Time	Action
T-90	Power up in order (Quick Reference card 7); Mantra loads the Default Show
T-80	QLab Mac: open the show from the Desktop folder; no red cues; Stream Deck profile
T-70	E3 SAFE LIGHT → desk responds; test tone on ch 11–12; Q4 backdrop; E2 black
T-60	Storm, transformation, voice-transfer checks (low level, haze off)
T-45	Panic, O (All Cues Off), playhead on Q1, Show Mode; props, shell, cue cards, water preset
T-30	House open: SM calls Q1
☐ Interval: dry water areas; refill pistols for Q58 ☐ Interval: QLab on Q39; desk ready on P3 ☐ Post-show: projector cool-down ☐ Interval: haze fluid; batteries ☐ Post-show: Panic, save, back up any change ☐ Post-show: dry props, log faults	

16 Emergency, recovery and troubleshooting

Failure	Immediate action	Continue?
QLab freezes	E1/Panic if possible; lighting from the desk memories; emergency playback ch 13–14 on SM call	Yes
QLab → Mantra link fails	Run P2/P3/P4 memories with Next Cue (Next Cue again after each flash)	Yes
Looks stacking / wrong colour	O (All Cues Off) then re-fire the current cue	Yes
Radio mic dies	Mute the channel; spare pack at the next exit	Yes
Projector fails	E2 black / AV-mute; continue on lighting	Yes
Water or haze unsafe	Stop it; continue the dry version	Yes
Fire alarm / evacuation	HOLD; house lights full; E1 stop; venue procedure	Venue decides
Recovery state	Where	
SAFE LIGHT	QLab E3 · Mantra P2 M10 (also P7 M7 = M17)	
Projector black	QLab E2 · projector AV-mute	
Stop playback	QLab E1 / Esc — live mics continue	
Emergency playback	Backup device on StudioLive ch 13–14 (R-08)	

17 Backup, version control and handover

Asset	Method	When
Show folder (TLM_R13_REBUILT_Show_Files)	Dated copy of the whole folder on a USB SSD and a second Mac	After every change session and at lock
Mantra show	Desk + USB export	After patch, cue-to-cue and lock
StudioLive scenes	Save baseline scene TLM SHOW	After sound lock
Cue sheets / book	PDF + printed copies	After cue lock

Checksums of the checked QLab and Mantra files are in BUILD_METADATA.json. Only one copy is LIVE; record every post-lock change in the change log.

Date/time	System	Change	Reason	Tested by	Approved

18 Equipment checklist

Category	Item	Qty	Status	✓
Lighting	LSC Mantra Lite + 2 wings	1	Venue	☐
Lighting	Lightsky C42 / Zoom / TourCOB / PixBar / hazer	12/10/11/6/1	Venue — confirm #38 and #39 exist	☐

Safety	Glow tape, running lights, towels, squeegee, non-slip mat	—	R-12	☐

19 Final technical sign-off

- ☐ Licensed script and prompt copy confirmed
- ☐ Show-Mac QLab settings set (R-29)
- ☐ SAFE LIGHT from QLab and desk
- ☐ Flash returns and Q57 → Q57b checked
- ☐ Backing tracks and placeholders replaced (R-28)
- ☐ Backdrops checked on the real screen
- ☐ Wireless scanned; spare tested
- ☐ Water and haze rehearsed
- ☐ Test-and-tag / RCD confirmed
- ☐ Cue numbers locked in every system
- ☐ Mantra OSC trigger added
- ☐ Every P2/P3/P4 memory fired from QLab
- ☐ Song fades and releases checked
- ☐ S7 jellyfish song chosen
- ☐ Looks checked from the house (R-30)
- ☐ Emergency playback tested
- ☐ FOH notice posted
- ☐ All show files backed up

Technical notes

B

PART B Lighting Design

The colour-forward design on the venue's installed 39-fixture rig: rig, layers, specials, the look library and song colour as programmed, fixture schedule and focus plan.

Revision R13.1 · 28 September 2026

PART B · R13.1 · 28 September 2026

Lighting Design

Readable faces in neutral FOH light, with the energy coming from changing LX1 colour, side-light contrast, LX2 backlight and animated PixBars.

39 lighting fixtures + hazer, 4 types	153 programmed cue positions	17 looks M01–M17 (P6–P7)	10 song memories (P4)	0 strobe values stored
--	---	------------------------------------	---------------------------------	----------------------------------

THE DESIGN IN BRIEF
Strong LX1 colour, side light, LX2 backlight and PixBar movement over neutral faces, fast colour snaps on musical impacts, slower crossfades for emotional and dialogue moments, and every song has its own colour-driven memory. The show is split across pages: **P2 Act One, P3 Act Two, P4 songs, P5 FX/chases, P6–P7 look library, P8 full 153-step backup**. QLab fires every cue, including automatic flash returns and memory releases (Part D).

1 The installed rig

Fixture	Qty	Mantra #	DMX	What it is	Job in the show
Lightsky 8800-C42	12	#1–12	U2 · 11 ch · 101–232	LED profile with shutters, 6 colours + CCT, 19° lens	Face light and hard-edged specials. Best skin tones.
Tour Pro Zoom	10	#13–22	U1 · 12 ch · 301–420	RGBW COB zoom wash 13–45°, barn doors	Colour top wash (LX1), voice-transfer pools, high side
Tour Pro TourCOB PAR	11	#23–32, 39	U1 · 6 ch · 421–486	RGBW COB PAR, fixed beam	Backlight and side light; the main colour energy of the show
Tour Pro PixBar	6	#33–38	U1 · 6 ch · 1–36	Linear bar, whole-bar colour in this mode	Effect row: storm, magic, jellyfish, song impacts
Hazer	1	#40	U1 · 2 ch · 487–488	Output + fan	Selective haze, P5 M4 (50 % / fan 50 %)

Positions: 8 × C42 on the FOH truss (#1–8), LX1 downstage bar (C42 #9–12, Zoom #13–18), LX2 upstage bar (Zoom #19–20, COB #23–28, 39, PixBar #33–38), a floor boom in each wing (SR #21, 29, 30 · SL #22, 31, 32) and the hazer upstage on the floor (#40). The projector hangs centre stage towards the back and throws upstage (R-11).

DESIGN RULE
FOH #1–6 keep faces readable in every look. The flashier colour movement comes from the LX1 Zooms, side booms, LX2 backlight and PixBars. Never aim high-intensity backlight or PixBars at the projection screen (R-25).

2 Design layers

Layer	How it is set	What it does
Face (FOH C42 #1–6)	Near-white: cool white under water, warm white on land (about 30–100 %)	Every scene with dialogue stays readable
Colour top (LX1 Zoom #13–18)	Saturated scene colour: cyan, hot pink, gold, blue, violet	Sets the scene colour; snaps on musical impacts
Side (booms #21–22, 29–32)	Contrasting colour to the top wash (lime, violet, magenta, teal)	Body light and colour contrast for dance, off the screen
Backlight (LX2 COB #23–28, 39)	Highest levels in the rig (60–100 %), strong saturated colour	Depth, haze beams, the storm and lair energy
Effects (PixBar #33–38)	Two-colour splits in storm, magic, jellyfish and every song	Movement and impact without strobe
Specials (C42 #7–12, Zoom #19–20)	Hard pools on marks, added per cue	Character entrances, shell, voice transfer

Colour language by scene family

Scene family	Colour language	Looks · cues
Underwater	Deep blue → cyan → turquoise → purple → blue/green	M03 · Q4–Q11, Q31
Comedy	Aqua → hot pink → yellow/gold → purple accents	M04 · Q9, Q12–Q14
Royal / palace	Gold + royal/deep blue, magenta/gold musical lifts	M05 · Q10, Q39–Q44
Ship / storm	Steel/deep blue + amber; storm through cyan/purple/ice-white impacts	M06, M08, M09 · Q18–Q27

Scene family	Colour language	Looks · cues
Shore / dry land	Amber → peach → pink → lavender → moonlight blue	M07, M14 · Q28–Q30.5, Q59
Magic / Spirit	Purple → cyan → teal/green → white impact	M10 · Q33–Q36, Q48, Q62
Lair / Octavia	Purple + acid green → red/magenta → cyan/purple	M11 · Q50–Q58.5
Jellyfish	Hot pink + cyan + violet pulse	M13 · Q45–Q49
Wedding / finale	Gold → aqua → magenta → blue → gold / multicolour	M15, M16 · Q60–Q65

NO STROBE

No strobe is programmed: Strobe, Control, Reset, Auto speed, Other, Default and Colour macro are 0 in every cue. Lightning and magic are single white hits (Q21, Q23, Q25, Q35, Q57b) that QLab returns automatically after 0.2–0.3 s. Never more than 3 flashes a second (R-04); the HAYWIRE chase runs at 2 steps a second.

3 Specials

Special	Character	Fixture	Use
SP1	Ariel	#7 C42 (FOH)	DSC mark; solo, duet, transformation, restore (57c)
SP2	Spirit	#8 C42 (FOH)	DS audience-left mark; every Spirit entrance
SP3	Octavia	#9 C42 (LX1)	US audience-right; entrances, lair, wedding interruption
SP4	Shell	#10 C42 (LX1, shuttered tight)	Plinth mark; brightest point in Scene Eight
V1	Dame	#11 C42 (LX1)	Voice-transfer mark 1 (Q53)
V2	Flanders	#12 C42 (LX1)	Voice-transfer mark 2 (Q54)
V3	Theodore	#19 Zoom 13° + barn doors (LX2)	Voice-transfer mark 3 (Q55)
V4	Marina	#20 Zoom 13° + barn doors (LX2)	Voice-transfer mark 4 (Q56)

4 Look library M01–M17 — as programmed

The looks live on **Page 6 (M01–M10)** and **Page 7 (M11–M17)** for rebuilding and rehearsal. Performances run the scene memories on P2/P3 and the song memories on P4, which were built from these looks. Values below are read from the R13.1 show file.

Swatch order: **Face** (FOH #1–6) · **Top** (LX1 #13–18) · **Side** (booms) · **Back** (LX2 COB) · **Pix** (PixBars) · **Spec** (specials). Colour as programmed in the show file, darker = lower level, black = off.

Look	Desk	Layers	As programmed (level · colour)
M01 BLACKOUT	P6 M1		all out
M02 HOUSE	P6 M2		Back 10% blue
M03 UNDERWATER	P6 M3		Face 55% cool white · Top 55% cyan · Side 60% lime · Back 88% red
M04 COMEDY	P6 M4		Face 85% warm white · Top 72% hot pink · Side 68% violet · Back 62% sky blue
M05 ROYAL	P6 M5		Face 75% warm white · Top 65% gold · Side 60% hot pink · Back 82% violet
M06 SHIP	P6 M6		Face 70% warm white · Top 58% blue · Side 55% teal · Back 80% orange
M07 SHORE	P6 M7		Face 75% orange · Top 62% cyan · Side 58% lime · Back 66% red
M08 STORM	P6 M8		Face 35% cool white · Top 28% violet · Side 48% blue · Back 100% teal · Pix 72% warm white + lime
M09 LIGHTNING	P6 M9		Face 100% cool white · Top 100% sky blue · Side 100% cyan · Back 100% gold · Pix 100% sky blue + red
M10 MAGIC	P6 M10		Face 45% deep blue · Top 60% teal · Side 66% orange · Back 92% magenta · Pix 82% lime + violet
M11 LAIR	P7 M1		Face 30% cool white · Top 34% violet · Side 46% sky blue · Back 88% green · specials 70%
M12 VOICE SHELL	P7 M2		Face 5% cool white · Side 16% lime · Back 18% red · specials 85%
M13 JELLYFISH	P7 M3		Face 65% warm white · Top 68% hot pink · Side 70% violet · Back 80% sky blue · Pix 78% magenta + cyan
M14 DRYLAND	P7 M4		Face 80% warm white · Top 60% orange · Side 52% magenta · Back 56% warm white
M15 WEDDING	P7 M5		Face 90% warm white · Top 78% gold · Side 70% hot pink · Back 88% violet

Look	Desk	Layers	As programmed (level · colour)
M16 BOWS	P7 M6		Face 100% warm white · Top 88% magenta · Side 82% sky blue · Back 90% cyan
M17 SAFE LIGHT	P7 M7		Face 70% white

CHECK IN THE VENUE

Some backlight choices are deliberately bold (for example the coral-red backlight under M03 UNDERWATER and the teal backlight in M08 STORM). Look at every look from the house with performers at the focus session, and record any change in Manual Appendix B before saving the desk.

5 Songs — Page 4

Each song has its own memory on Page 4. QLab starts the track and the first section together; every later section is one GO on the music (Part E §4).

Swatch order: **Face** (FOH #1–6) · **Top** (LX1 #13–18) · **Side** (booms) · **Back** (LX2 COB) · **Pix** (PixBars) · **Spec** (specials). Colour as programmed in the show file, darker = lower level, black = off.

Song	Desk	Colour language	Sections as programmed (one strip per section)
S1 Rock Lobster	P4 M1 · 7 cues	Aqua / hot pink / gold / deep blue / magenta / lime / white impacts	
S2 Feeling Good (Austin Millz Remix)	P4 M2 · 6 cues	Deep blue / purple / gold / magenta with warm-white highlights	
S3 Part of Your World	P4 M3 · 7 cues	Blue / teal / violet / pink / cyan with a warmer emotional lift	
S4 Wellerman (Sea Shanty)	P4 M4 · 7 cues	Steel/deep blue and amber, then teal/cyan and bright chorus accents	
S5 (I've Had) The Time of My Life	P4 M5 · 8 cues	Amber / pink / violet / cyan / gold with a larger final chorus	
S6 Crab Rave	P4 M6 · 7 cues	Fastest colour changes: lime, cyan, magenta, gold, red and white impacts	
S7 Jellyfish chorus (song to be decided)	P4 M7 · 4 cues	Hot pink / cyan / violet pulse language	
S8 Poor Unfortunate Souls	P4 M8 · 7 cues	Purple / acid green / red / cyan for strong villain contrast	
S9 Absolutely Everybody	P4 M9 · 7 cues	Concert style: cyan / magenta / gold / blue / lime / hot pink	
S10 He's a Pirate	P4 M10 · 6 cues	Deep blue / amber / cyan / red / gold / bright white finale	

6 FX and chases — Page 5

Desk	Memory	Programming	Use
P5 M1	WARM CHASE	6 steps @ 150 BPM	Rehearsal / optional party energy
P5 M2	COOL CHASE	6 steps @ 144 BPM	Rehearsal / optional underwater movement
P5 M3	PARTY CHASE	8 steps @ 168 BPM	Optional finale / bows
P5 M4	HAZE	single look	Hazer #40 at 50 %, fan 50 % — run on its fader, 20–40 s before the look
P5 M5	HAYWIRE	5 steps @ 120 BPM	Q57 on, Q57b off — fired by QLab (V1, SP4, V2, V3, V4 at 85 %)
P5 M6	JELLY PULSE	single look	Bump for extra Q47 repeats

7 Fixture schedule and focus plan

One row per fixture. Tick when focused; note the final colour/level. Addresses are the venue patch (Part C).

Focus notes

- FOH C42s: cross-light each zone from both sides; shutter off the screen, the proscenium and the front row. Fit the 26° or 36° lenses if the pools don't overlap.
- Specials: shutter each C42 tight to its glow-tape mark. The shell special (#10) is the brightest thing on stage in Scene Eight.
- LX1 Zooms: overlap by a third; barn doors cut the top edge so nothing reaches the screen.
- LX2: COB PARs down-and-forward to head height at the DS edge; PixBars tilted downstage, never onto the screen (R-25). The show runs the backlight hard, so check screen washout with BG-02 and BG-18 running.
- Side booms: Zoom high at head height across the stage; COB mid and low for bodies and dance.
- Voice transfer: Zooms #19–20 at 13° with barn doors match Dame and Flanders (#11–12); match the four levels by eye.

Designer / focus notes

C

PART C DMX Patch & Step-by-Step Guide

The venue patch (40 fixtures + optional pinspots), channel maps, Art-Net/sACN network, fader map, the patch procedure for the show file, rig sheets, power and troubleshooting.

Revision R13.1 · 28 September 2026

PART C · R13.1 · 28 September 2026

DMX Patch & Step-by-Step Guide

Confirmed desk patch, channel maps, network, and the procedure from load to rig check

40 fixtures patched (base file)	2 optional pinspots #41–42	2 universes (DMX + Art-Net/sACN)	0 re-addressing needed
---	--------------------------------------	--	----------------------------------

WHERE THINGS LIVE
TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr carries the venue base patch, custom fixtures and network. **HAZE is P5 M4**, P2 M3 is the ship/storm scene memory, and the optional pinspots go on **P5 M7** (free).

THE ADDRESS TRAVELS WITH THE FIXTURE
Every fixture keeps its desk number and DMX address wherever it hangs. Moving a C42 to the FOH truss means re-cabling it into the universe 2 line — not changing its address.

Address map

Universe	Range	Fixtures	Free
U1	1–36	PixBars #33–38 (6 ch)	
U1	37–38	Pinspots #41–42 (optional)	
U1	39–300	—	262 free (future moving heads)

KEEP CONTROL-TYPE CHANNELS AT 0

Control, Strobe, Reset, Auto speed, Other, Default and Colour macro can trigger resets, strobing or built-in programs. Every cue in the R13.1 file keeps them at 0; lightning is done with intensity (R-04). The Zoom library name is spelled TOUR PRO (zero) on the desk — cosmetic only.

3 DMX runs, network and fader map

Line	Route	
Universe 1 (desk XLR)	Desk → LX1 Zooms #13–18 → LX2 (#19–20, 23–28, 39, 33–38) → SR boom (#21, 29–30) → SL boom (#22, 31–32) → hazer #40 · terminate	
Universe 2 (Ethernet)	Desk → switch → node 2.0.0.10 → FOH truss C42 #1–8 → LX1 C42 #9–12 · terminate	
Setting	Desk (Mantra)	Node for universe 2
IP address	2.0.0.1 (static, DHCP off)	2.0.0.10
Subnet mask	255.0.0.0	255.0.0.0
Protocols	Art-Net on · sACN on — turn off the one the node doesn't use	sACN universe 2, or Art-Net 0-0-1
Faders	Fixtures	
Console 1–12	C42 #1–8 FOH · #9–12 LX1

Wing 2 37–48	PixBar #37–38 · COB #39 · hazer #40 · pinspots #41–42 · 43–48 spare	

Both wings must be connected (fixtures 25–42). Printed fader labels:

03_Lighting_Mantra/TLM_R13_1_Mantra_Labels.pdf.

4 Step-by-step patch procedure

1 Back up what is on the desk

1. FAT32 USB stick in the Mantra. Home > Tools > Export Show — keep it untouched as the venue restore point.
2. Keep BASE_SHOW_2026.mtr (the clean venue base) on the stick too.

2 Load the R13.1 show file

1. Copy TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr to the stick (check it in Mantra Editor first — Part D §9).
2. Home > Tools > Import Show > choose it. Check five custom fixture types: CX 42 NEW, ZOOM 12 CHANNEL, TOURCOB PAR, PIXBAR 6CH, HAZER 2CH.

3 Clear the output

1. A L, then O, so nothing is live while you check the patch.

4 Check fixtures 1–40

- Tools › Setup › Patch. Step through against section 1: number, library, universe, address.
- Expected: #1–12 U2:101–232 · #13–22 U1:301–420 · #23–32 U1:421–480 · #33–38 U1:1–36 · #39 U1:481–486 · #40 U1:487–488.

5 Pinspots — only if the mirror ball is used

- Generic dimmer, U1:37 as #41 and U1:38 as #42 → Patch.
- Record both at full on **P5 M7** (free in R13.1). Save.

6 Network and universe 2

- Tools › Setup › Network: 2.0.0.1, 255.0.0.0; turn off Art-Net or sACN (whichever the node doesn't use).
- Set the node, connect it through the switch, run its DMX out to the FOH truss. Test C42 #1 at 50 %.

7 Remote trigger for QLab (R13.1)

- Tools › Setup › Remote Triggers › Add › OSC · Play Memory · port 8000. Save.

8 Cable, power, terminate

- One chain per universe in the order of section 3; label both ends; terminate the last fixture.
- No more than about 1,840 W per 10 A circuit.

9 Rig check and save

- Each fixture alone at 50 %, then 0 → 100 %, then each colour. Use the ROW memories (100–103) for each type.
- Confirm PixBar #38 and TourCOB #39 physically exist (R13.1 fix list). Save (T S), export to USB, tick the rig sheets.

5 Rig sheets by position

6 Power, labels and troubleshooting

Position	Fixtures	Known load	Suggested
FOH	8 × C42	2,400 W (10.4 A)	2 × 10 A
LX1	4 × C42 + 6 × Zoom	~2,280 W (9.9 A)	2 × 10 A
LX2	2 Zoom, 7 COB, 6 PixBar	360 W + label ratings	1 × 10 A
SR / SL boom	1 Zoom + 2 COB each	180 W + labels	1 × 10 A each
Floor	Hazer	From label	1 × 10 A

Symptom	Likely cause	Fix
Two fixtures respond together	Duplicate address	Check displays against the master patch
Colours on the wrong channel	Wrong DMX mode	Set 11 / 12 / 6 ch to match section 2
All C42s dead, U1 fine	Universe 2 not reaching the node	Switch, node IP, node universe
Nothing past a fixture	Broken cable / through-port	Swap the cable after the last working unit
Random flicker	No terminator or mic cable	Terminate; use DMX cable
Fixture strobes or resets	Control/Strobe/Reset not 0	Clear it; record 0
Looks stack with odd colours	Another memory still playing (LTP)	O (All Cues Off) and re-fire; check the QLab release cue

Patch notes / changes

D

PART D Mantra Editor on Mac

Mac setup, show transfer, the R13.1 page map, look library, scene and song memories with every cue as programmed, critical sequences, QLab OSC triggers and the built show file.

Revision R13.1 · 28 September 2026

PART D · R13.1 · 28 September 2026

Mantra Editor on Mac

LSC Mantra Lite programming guide for TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr

8 pages in use (P1–P8)	153 cue positions	0 desk link times needed	2.0.0.1:8000 OSC Play Memory	153 P8 backup steps
----------------------------------	-----------------------------	------------------------------------	--	-------------------------------

HOW THE SHOW FILE WORKS

The show is split into scene memories (P2 Act One, P3 Act Two) and song memories (P4); QLab plays the exact memory and cue for every step. The six flash returns are **fired by QLab** (timed pre-waits), so no link times are set on the desk. Each time QLab moves to a new memory it also sends **Level=0 to the memory it is leaving** (31 release messages), so looks can't stack. Page 8 keeps the full 153-step list as a manual backup.

1 Getting Mantra Editor running on a Mac

Option	How	Notes
A. Native Mac app	Check LSC's Mantra Editor download (mantralite.lsccontrol.com.au) for a macOS build.	If macOS blocks it: System Settings > Privacy & Security > Open Anyway.
B. Windows on the Mac	Parallels Desktop or VMware Fusion running Windows 11, then the Windows editor.	Set the VM network to Bridged for on-line editing; share a Mac folder for show files.
C. Borrow a Windows laptop	Install the editor on any Windows PC.	Simplest for on-line editing at the venue. Network profile = Private.

Prepare the USB stick

1. Disk Utility > select the stick (device) > Erase: **MS-DOS (FAT)**, Master Boot Record, name MANTRA.
2. Keep the stick for show files only. dot_clean /Volumes/MANTRA removes macOS's hidden . files.
3. Always Eject before pulling the stick out of the Mac or the console.

Step	Where	Action
1	Mantra Lite	Rear USB socket · Home > Tools > Export Show > Save (backup of what is on the desk)
2	Mac / editor	Home > Tools > Import Show > choose the file
3	Editor	Edit. An * after the show name means unsaved changes. Save with T then S
4	Editor	Tools > Export Show to the stick
5	Mantra Lite	Home > Tools > Import Show, then save as the Default Show so it loads on power-up

Editor shortcuts

Key	Function	Key	Function
Esc	Back / Home	O	All Cues Off
A then L	Clear All (empty the programmer)	T then S	Save show
↑ / ↓	Intensity ±1 %	fn + ↑ / fn + ↓	Intensity ±10 % (MacBook)
Rec + click displayer	Record to a memory	Rec + hold 1 s	Update the playing cue

2 Show architecture — the R13.1 page map

Page	Purpose	Memories	Used for
P1	Venue / rig base	M1 STAGE WORK · M2 FULL WHITE · M3 WARM · M4 COOL · M5 BLUE · M6 RED · M9 PIXBAR WASH · M10 CURTAIN CALL	Venue house looks (base file)
P2	Act One — scene sections	M1 Q1–11 · M2 Q12–17 · M3 ship/storm Q18–27.5 · M4 shore/duet Q28–30.5 · M5 bar/transformation Q31–37 · M6 interval Q38 · M9 WORK/FOCUS · M10 SAFE LIGHT	Performance
P3	Act Two — scene sections	M1 palace Q39–44 · M2 jellyfish Q45–49 · M3 lair/voice/haywire Q50–58.5 · M4 dry land Q59–59.7 · M5 wedding Q60–63.5 · M6 bows/end Q64–65	Performance
P4	Songs	M1 S1 Rock Lobster ... M10 S10 He's a Pirate	Performance

P6	Look library	M01 BLACKOUT ... M10 MAGIC	Rehearsal / rebuild

Page	Purpose	Memories	Used for
P7	Look library	M11 LAIR ... M16 BOWS · M7 = M17 SAFE LIGHT	Rehearsal / rebuild
P8	Backup / reference	M1 = the full 153-position list (BACKUP - 01 PRESHOW ...)	Emergency only

OPERATING PRINCIPLE

QLab normally calls every lighting cue. If the link fails, continue from the matching **P2 / P3 scene memory or P4 song memory** with Next Cue — not from Page 8. SAFE LIGHT stays on **P2 M10** (and P7 M7 = M17), always reachable.

LTP rule: Mantra attributes are latest-takes-precedence. Don't play library looks (P6–P7) over the show in performance.

Numbering: the desk numbers cues by position inside each memory. Every cue is **named with its master cue number** (for example 21 LIGHTNING 1, 21b STORM RETURN, S1.3 LOBSTER CHORUS), so the operator follows the names. Section tables below give both the in-memory cue and the P8 backup position.

3 Patch

The venue base patch travels in the show file: C42 #1–12 at U2:101–232 (11 ch), Zooms #13–22 at U1:301–420 (12 ch), TourCOB #23–32 and #39 at U1:421–486 (6 ch), PixBars #33–38 at U1:1–36 (6 ch), hazer #40 at U1:487–488. Pinspots #41–42 (U1:37–38) only if the mirror ball is used. Full table and procedure: Part C. Network in the file: **2.0.0.1 / 255.0.0.0**, **Art-Net and sACN both on, DHCP off** — turn off whichever protocol the U2 node doesn't use.

4 Look library (P6–P7)

The 17 looks as programmed (full recipes in Part B §4). Use them to rebuild or relight, not in shows.

Swatch order: **Face** (FOH #1–6) · **Top** (LX1 #13–18) · **Side** (booms) · **Back** (LX2 COB) · **Pix** (PixBars) · **Spec** (specials). Colour as programmed in the show file, darker = lower level, black = off.

Look	Desk	Layers	As programmed
M01 BLACKOUT	P6 M1		all out
M02 HOUSE	P6 M2		Back 10% blue
M03 UNDERWATER	P6 M3		Face 55% cool white · Top 55% cyan · Side 60% lime · Back 88% red
M04 COMEDY	P6 M4		Face 85% warm white · Top 72% hot pink · Side 68% violet · Back 62% sky blue
M05 ROYAL	P6 M5		Face 75% warm white · Top 65% gold · Side 60% hot pink · Back 82% violet
M06 SHIP	P6 M6		Face 70% warm white · Top 58% blue · Side 55% teal · Back 80% orange
M07 SHORE	P6 M7		Face 75% orange · Top 62% cyan · Side 58% lime · Back 66% red
M08 STORM	P6 M8		Face 35% cool white · Top 28% violet · Side 48% blue · Back 100% teal · Pix 72% warm white + lime
M09 LIGHTNING	P6 M9		Face 100% cool white · Top 100% sky blue · Side 100% cyan · Back 100% gold · Pix 100% sky blue + red
M10 MAGIC	P6 M10		Face 45% deep blue · Top 60% teal · Side 66% orange · Back 92% magenta · Pix 82% lime + violet
M11 LAIR	P7 M1		Face 30% cool white · Top 34% violet · Side 46% sky blue · Back 88% green
M12 VOICE SHELL	P7 M2		Face 5% cool white · Side 16% lime · Back 18% red
M13 JELLYFISH	P7 M3		Face 65% warm white · Top 68% hot pink · Side 70% violet · Back 80% sky blue · Pix 78% magenta + cyan
M14 DRYLAND	P7 M4		Face 80% warm white · Top 60% orange · Side 52% magenta · Back 56% warm white
M15 WEDDING	P7 M5		Face 90% warm white · Top 78% gold · Side 70% hot pink · Back 88% violet
M16 BOWS	P7 M6		Face 100% warm white · Top 88% magenta · Side 82% sky blue · Back 90% cyan
M17 SAFE LIGHT	P7 M7		Face 70% white

5 Scene memories — every cue as programmed

Cue = position inside the memory (what QLab sends). Fade = Fade In seconds. Green rows are flash returns fired automatically by QLab; tinted rows are 0-second hits. P8 = the same cue on the backup list.

Swatch order: **Face** (FOH #1–6) · **Top** (LX1 #13–18) · **Side** (booms) · **Back** (LX2 COB) · **Pix** (PixBars) · **Spec** (specials). Colour as programmed in the show file, darker = lower level, black = off.

P2 M1 — 01 PRESHOW ... 11 ARIEL UPSET (11 cues)

Cue	Name on desk	Layers	Fade	Fired by QLab	P8

Song	Memory	Sections as programmed	Cue · fade (s)
S9	Absolutely Everybody P4 M9 · at Q63		S9.1 0.6 · S9.2 0.45 · S9.3 0.2 · S9.4 0.45 · S9.5 0.55 · S9.6 0.2 · S9.7 0
S10	He's a Pirate P4 M10 · at Q64		S10.1 0.7 · S10.2 0.3 · S10.3 0.55 · S10.4 0 · S10.5 0.25 · S10.6 0

QLab starts each song with its track: it releases the scene memory underneath and plays cue 1 of the song memory. Later sections are separate GOs. When the next scene cue fires, QLab releases the song memory (Level=0).

7 Critical sequences

Flash returns — fired by QLab (no link times)

QLab cue	Memory	Flash (fade 0)	Return	Pre-wait	Return fade
Q21	P2 M3	cue 5 21 LIGHTNING 1	cue 6 21b STORM RETURN	+0.2 s	0.45 s

Q25	P2 M3	cue 11 25 STORM PEAK FLASH	cue 12 25b STORM PEAK	+0.2 s	0.35 s
Q35	P2 M5	cue 5 35 TRANSFORM FLASH	cue 6 35b NEW STATE	+0.3 s	0.5 s
Q47	P3 M2	cue 4 47 JELLY PULSE	cue 5 47b JELLY RETURN	+1 s	0.4 s
Q57b	P3 M3	cue 9 57b RESTORE FLASH	cue 10 57c ARIEL RESTORED	+0.3 s	0.4 s

IF QLAB IS DOWN

Run the flash with Next Cue, then press Next Cue again straight away for the return (or set Link Times on those cues if you prefer — only when running the desk by hand). Never replay a missed flash after the moment has passed.

Transformation (Q33–Q36 · P2 M5 cues 3–7)

Q33 standby state, Q34 build (violet/teal up), **Q35 white hit** then 35b new state after 0.3 s, Q36 SP1 → SP4 shell with a dark surround.

Voice transfer and HAYWIRE (Q52–Q57b · P3 M3 cues 3–10)

Cue	Desk	What happens
Q52	P3 M3 cue 3	M12 VOICE SHELL — SP4 shell isolated
Q53–Q56	cues 4–7	Shell → V1 Dame → V2 Flanders → V3 Theodore → V4 Marina (0.3 s crossfades)
Q57	cue 8 + P5 M5 ON	Dark state; QLab starts the HAYWIRE chase (V1, SP4, V2, V3, V4 at 85 %, 120 BPM)
Q57b	cue 9 → cue 10 + P5 M5 OFF	White restore hit, HAYWIRE off, then 57c SP1 Ariel (+0.3 s) and the restore SFX

Jellyfish (Q45–Q49 · P3 M2)

Q47 is a 0.25 s cyan pulse; QLab returns to M13 after 1 s (47b). For extra repeats bump **P5 M6 JELLY PULSE** by hand.

8 QLab triggering (OSC)

1. Connect the Mantra to the show LAN (2.0.0.1 / 255.0.0.0).
2. **Home > Tools > Setup > Remote Triggers > Add → OSC, Play Memory, port 8000.** This trigger is not stored in the show file — add it on the desk and save.
3. In QLab the MANTRA network patch is already in the workspace: OSC over UDP to 2.0.0.1 port 8000. Set its interface to the wired Ethernet port on the show Mac (Workspace Settings > Network).

Message format (Mantra Lite manual): /PlayMemory/Page=\$p/Memory=\$m/Cue=\$c/Level=\$l/Fade=\$ms.
Level=0 fades the memory down — R13.1 uses that to release the memory it is leaving.

QLab	Network cue message (examples from the workspace)
Q4	/PlayMemory/Page=2/Memory=1/Cue=4/Level=100/Fade=3000
Q12	/PlayMemory/Page=2/Memory=2/Cue=1/Level=100/Fade=1500
Q12	/PlayMemory/Page=2/Memory=1/Cue=11/Level=0/Fade=1500 (release)
Q21	/PlayMemory/Page=2/Memory=3/Cue=5/Level=100/Fade=0
Q21	/PlayMemory/Page=2/Memory=3/Cue=6/Level=100/Fade=450 (+0.2s)
Q57	/PlayMemory/Page=3/Memory=3/Cue=8/Level=100/Fade=200
Q57	/PlayMemory/Page=5/Memory=5/Cue=1/Level=100/Fade=0
Q57b	/PlayMemory/Page=3/Memory=3/Cue=9/Level=100/Fade=0
Q57b	/PlayMemory/Page=3/Memory=3/Cue=10/Level=100/Fade=400 (+0.3s)
Q57b	/PlayMemory/Page=5/Memory=5/Cue=1/Level=0/Fade=0

QLab	Network cue message (examples from the workspace)
Q65	/PlayMemory/Page=3/Memory=6/Cue=2/Level=100/Fade=1200
Q65	/PlayMemory/Page=4/Memory=10/Cue=6/Level=0/Fade=1200 (release)
E3	/PlayMemory/Page=2/Memory=10/Cue=1/Level=100/Fade=2000 (SAFE LIGHT)

9 The built show file

Page · memory	What it is
P1, P2 M9–M10	Venue base looks, WORK/FOCUS, SAFE LIGHT
P2 M1–M6, P3 M1–M6	The 87 scene cues split into 12 scene memories (names carry the master cue number)
P4 M1–M10	The 66 song-section cues, one memory per song
P5 M1–M6	Chases (150/144/168 BPM), HAZE #40 50 %/fan 50 %, HAYWIRE (5 steps, 120 BPM), JELLY PULSE
P6–P7	Look library M01–M17
P8 M1	Full 153-position backup list
Base file	Patch, custom fixtures, network, rig view and ROW/AREA memories 100–109 from PLANTAGENET_HALL_BASE

Load it

1. Open it in Mantra Editor on the Mac first (Tools > Import Show) and play through P2, P3 and P4.
2. At the desk: Home > Tools > Export Show (back up what is there).
3. Copy TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr to the root of the FAT32 stick · Home > Tools > Import Show > choose it.
4. Check: P2 shows six scene memories + WORK/FOCUS + SAFE LIGHT; P3 six; P4 ten songs; P5 FX; P6–P7 looks; P8 backup.
5. Add the OSC Play Memory remote trigger on port 8000 (section 8). Turn off Art-Net or sACN — whichever the node doesn't use.
6. Fire E3 SAFE LIGHT from QLab, then one cue from every P2/P3 memory and every P4 song. Save (T S) and set as the Default Show.

R13.1 corrected the file-size footer to the real size (4,479,331 bytes). SHA-256 of the checked file is in BUILD_METADATA.json in the show folder. No strobe values are stored.

10 Checklists and troubleshooting

- | | |
|--|--|
| ☐ Editor installed and opens the show | ☐ Show imports without errors |
| ☐ Patch 1–40 checked | ☐ P2/P3 scene memories named with master cues |
| ☐ P4 ten song memories | ☐ P5 FX and chases |
| ☐ OSC Play Memory trigger on port 8000 | ☐ E3 SAFE LIGHT from QLab plays P2 M10 |
| ☐ One cue from every memory fired from QLab | ☐ Flash returns come back on their own |
| ☐ Q57 starts HAYWIRE and Q57b stops it | ☐ Final show exported to USB + Mac |

Problem	Check
Editor can't see the console	Same network; DHCP on both; firewall; VM network bridged
USB stick not recognised	Reformat MS-DOS (FAT), Master Boot Record; eject properly
Wrong colour stays after a look	LTP: an earlier memory still owns colour. O (All Cues Off), then replay. R13.1 releases should prevent this — check the release cue in that QLab group
QLab cue does nothing	Remote trigger added? Port 8000; Mantra IP 2.0.0.1; MANTRA patch interface = wired Ethernet
Two looks stacking	A release message missing or fired too early — look in the QLab group for MANTRA RELEASE
Fixture ignores the console	Address/mode mismatch, termination, or fixture in stand-alone mode (Part C)

Programming notes

E

PART E QLab 5 Programming Guide

The R13.1 workspace: settings, show folder, cue anatomy, the full build sheet, sound files and songs, critical sequences, emergency cues and routines.

Revision R13.1 · 28 September 2026

PART E · R13.1 · 28 September 2026

QLab 5 Programming Guide

TLM_Show_R13_1.qlab5 — audio, video and Mantra triggers in one GO

479 cues in the workspace	83 master cue groups	10 song groups, 66 section GOs	80 media files · 99 targets	3 emergency cues E1–E3
-------------------------------------	--------------------------------	--	---------------------------------------	----------------------------------

HOW THE WORKSPACE WORKS

The workspace is already built: open TLM_Show_R13_1.qlab5 from the show folder — no build script. Every lighting cue targets the split Mantra memories (P2/P3/P4). Flash returns are timed Network cues (0.2–1.0 s pre-wait). Each section/song change also releases the memory it leaves (Level=0). Q57 starts the HAYWIRE chase and **Q57b** restores Ariel. 58 audio cues play the SFX pack and the 9 supplied songs; Q19.2 plays a rain burst; songs fade and stop at Q9, Q15, Q15.5, Q19, Q41 and Q52. Media is found by its path inside the show folder.

1 Licence and Mac preparation

Need	Unlicensed	With any licence
Stereo playback to the StudioLive	Yes (2 channels)	Yes
One projector, full screen	Yes (1 single-output stage)	Yes
Stream Deck controlling QLab	Yes (OSC remote control)	Yes
QLab firing the Mantra (Network cues)	No	Yes

R-21 · LICENCE

The R13.1 show relies on QLab firing every lighting cue, so a licence is required. Rent the cheapest licence (Rent-to-Own, by calendar day) for cue-to-cue, dress and show days. Without it, run lighting from the Mantra scene memories (Part D §5).

- | | |
|--|--|
| ☐ Dedicated macOS user for the show | ☐ Sleep, display sleep, screen saver off |
| ☐ Focus / Do Not Disturb on | ☐ Automatic updates off for the production |
| ☐ Wi-Fi and Bluetooth off in show (Ethernet only) | ☐ Charger connected |
| ☐ Audio sample rate matches the StudioLive (48 kHz) | ☐ Projector a separate display (not mirrored) |

2 The show folder

Put the whole folder, named exactly **TLM_R13_REBUILT_Show_Files**, on the Desktop of the show Mac (/Users/zmorgan/Desktop/TLM_R13_REBUILT_Show_Files/). QLab finds every file by its path inside it.

Item	What it is
TLM_Show_R13_1.qlab5	The show — open this one
TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr	Mantra show file (Part D)
media/audio/01_Music_Songs	S01–S10 song tracks (S07 still to choose)
media/audio/02–08 ...	House/interval music, underscore, ambience beds, storm, magic, stings, voice
media/video · media/stills	BG backdrops (Part I) and VID-99 black
R13_MEDIA_MANIFEST.csv	The 80 media files the workspace uses, by relative path
R13_1_SFX_RETARGET_MAP.csv	Which new SFX file plays on which cue
R13_MANTRA_SECTION_MAP.csv/.txt	Which QLab cue fires each Mantra cue
R13_1_QLAB_AND_DESK_FIX_LIST.csv	Done / still to do
docs/	Cue sheets, Mantra labels, FOH notice, review and fix list

To assemble the folder from the Drive zips use ASSEMBLE_R13_1.command from the R13.1 package (it checks all 80 media paths and the file checksums).

3 Workspace settings

Setting	Where	R13.1
Audio output patch	Workspace Settings > Audio	TO DO on the show Mac: Patch 1 → StudioLive USB (outs 1–2 → desk ch 11–12)
Video stage	Workspace Settings > Video	TO DO: Stage 1 → projector output (not the built-in display)
Network patch MANTRA	Workspace Settings > Network	Already set: OSC/UDP 2.0.0.1 port 8000. TO DO: interface → wired Ethernet
OSC access (Stream Deck)	Workspace Settings > Network > OSC Access	Allow OSC connections, no passcode
GO	—	Space bar; switch to Show Mode for performances

MACHINE-SPECIFIC

Audio device, video screen and network interface depend on the show Mac's hardware, so they can't be set in the file. Set them once, then File > Save.

4 Cue anatomy

Part	How R13.1 builds it
Master cue group (1 ... 65 + point cues)	Group cue, all children start together. Number = master cue. Group Notes carry Trigger / LX / Sound / FX, shown to the operator.
Children	SFX audio · VIDEO + 2 s FADE IN · FADE OUT of the previous picture · MANTRA network cue · FADE OUT of beds/songs · MANTRA RELEASE (Level=0) of the memory being left
Flash return	A second MANTRA cue in the same group with a pre-wait (0.2 / 0.3 / 1.0 s)
Song group S1–S10	'Start first child and go into the group': S#.0 TRACK auto-continues into the release and S#.1; S#.2 ... are one GO each on the music
Song fade-and-stop	At the next scene cue: 3 s fade on the track, stop when done, release the song memory
Emergency E1–E3	Below cue 66 END OF SHOW: Panic, VID-99 black, SAFE LIGHT

ONE GO FIRES EVERYTHING

Each GO fires light, sound and video together, and each Mantra message names the exact page, memory and cue — the desk can never drift out of step. One operator runs the show from QLab; the Mantra and StudioLive sit beside the Mac as the manual fallback.

5 Build sheet — every cue

Read from the workspace. Mantra = page/memory/cue fired (with the flash-return pre-wait); Release = memory sent Level=0. Tinted = critical; blue = song group.

Q	Cue	Audio	Video	Mantra	Release
1	Preshow preset	House music [silent placeholder]	BG-01	P2 M1 c1	
2	House open	Preshow music [silent placeholder]		P2 M1 c2

STILL SILENT PLACEHOLDERS

S07 jellyfish song, Q1 house music, Q2 preshow, Q11 soft resolve, Q37 end of Act One, Q38 interval, Q42.5 Ariel's recorded line, Q43 cue-card underscore, Q59 land ambience, Q65 exit music. Their lengths already match the cues, so a real file drops straight in.

SWAPPING AUDIO — ALWAYS A NEW FILE NAME

Save the new file under a new name (e.g. S02 Feeling Good (backing).mp3), drag it onto the cue, and check the cue's end time. Replacing a file under the same name keeps the old end time in QLab.

7 Critical sequences

Sequence	QLab	Mantra
Storm Q20–27	Q20 wind/rain loop + BG-07; Q21/23/25 crack + thunder; Q22 creaks; Q24 groan + water; Q26 splash + low bed (90 s); Q27 fades five storm layers, BG-21	P2 M3 cues 4–14; flashes 5/8/11 return +0.2 s
Transformation Q33–36	Q33 magic build + BG-09; Q34 swell; Q35 impact; Q36 shell voice	P2 M5 cues 3–7; flash 5 returns +0.3 s
Voice transfer Q52–57b	Q52 shell magic + BG-09; Q53–56 transfer sting ×4; Q57 haywire SFX; Q57b restore SFX	P3 M3 cues 3–10; HAYWIRE P5 M5 on at Q57, off at Q57b; 57c +0.3 s
Jellyfish Q45–49	Q45 comic bed (fades to -12 dB at Q46); S7 chorus; Q47 sting	P3 M2; Q47 pulse returns +1 s
Cue cards Q43	Cue-card underscore (placeholder — choose music)	P3 M1 cue 6

Actor-paced cues (voice transfer, jellyfish repeats) are GO only when the actor is on the mark. If a lightning or magic GO is missed, skip it — never fire two late.

8 Emergency cues and Stream Deck

Cue	Does	Stream Deck key
E1 STOP ALL	Panic all QLab cues (lighting holds)	F15 — give E1 a Hotkey trigger
E2 VID-99 BLACK	Black frame on the projector stage (also AV-mute)	F13 — give E2 a Hotkey trigger
E3 SAFE LIGHT	Mantra P2 M10 over 2 s	F14 — give E3 a Hotkey trigger

HOTKEYS ARE NOT SET IN THE FILE

The R13.1 workspace has no hotkeys on E1–E3. Select each cue › Inspector › Triggers › Hotkey and press F15 / F13 / F14, then save (Part L).

9 Rehearsal, show and backup routine

- ☐ Open the LIVE workspace from the Desktop show folder
- ☐ Test tone reaches StudioLive ch 11–12
- ☐ E3 SAFE LIGHT: the desk responds
- ☐ Playhead on Q1; Show Mode on
- ☐ One copy on a USB SSD, one on a second Mac
- ☐ No red (broken) cues
- ☐ Projector stage on the right display; E2 black works
- ☐ Stream Deck keys respond
- ☐ Save after every session; dated copy of the whole folder
- ☐ Emergency playback device loaded with the songs (R-08)

Problem	Check
No sound at the desk	Audio patch device; outputs 1–2; StudioLive channel source = USB
Video on the laptop screen	Stage 1 assigned to the wrong display; displays mirrored
Mantra doesn't respond	Licence; MANTRA patch interface = wired Ethernet; OSC trigger on the desk; port 8000
Media shows red / missing	Check the show folder name and that it sits on the Desktop
A cue plays the wrong length	Audio was replaced under the same name — use a new name and re-drag

QLab notes

THE LITTLE MERMAID • Plantagenet Hall • STAGE MANAGER — MASTER CALLS

Every QLab GO in the show. Song sections (S#.2 onward) are further GOs inside the song — the SM calls them to the music, or delegates them to the QLab op.

Emergency cues (below Q66): E1 STOP ALL (QLab panic) · E2 VID-99 BLACK · E3 SAFE LIGHT (Mantra) Esc = Panic (all QLab). Live mics never depend on QLab; QLab return = StudioLive ch 11-12. Swapping audio: always save under a NEW filename and drag it onto the cue.

THE LITTLE MERMAID · Plantagenet Hall · LIGHTING — MANTRA LITE (backup to QLab)

QLab fires every lighting cue. If QLab or the network fails, run from the split page/memory below with Next Cue. P8 position = same cue on the full 153-step backup list.

Run P2 (Act One), P3 (Act Two), P4 (songs). Flash returns are fired by QLab — manually, press Next Cue again after each flash. P5: M1 Warm chase · M2 Cool chase · M3 Party chase · M4 HAZE · M5 HAYWIRE (Q57 → Q57b) · M6 Jelly pulse. SAFE LIGHT = P2 M10. O = All Cues Off · A then L = Clear All · T then S = Save. Lost? SAFE LIGHT, confirm the scene with SM, pick the matching P2/P3 memory. Don't replay a missed flash.

58	Cross-fire exit		WATER	Water pistol FX only in approved zone	
58.5	Scene Eight end			Deck: towels, dry, strike plinth	
59	Dry-land reveal			Stage dry check	
59.7	Scene Nine end			Deck change to wedding	
60	Wedding preset	opt		Optional low haze only if desired	
61	Octavia entrance	OFF		Haze OFF	
62	Spirit / reveal / arrest beats			No effect that masks speech	
63	Full-cast wedding song	opt		Optional low haze; full-cast balance	
63.5	Scene Ten end			Bows preset	
64	Bows			Keep stage evenly lit	
65	End / exit			Post-show reset begins	

Stop haze or water immediately if visibility, slip or electrical safety is compromised — tell SM on Ch B. No strobe is stored in the show; white flash hits in the storm (Q21/23/25), transformation (Q35) and restore (Q57b). Flashing-lights / haze notice for the doors: docs/FOH_Flashing_Lights_and_Haze_Notice.pdf.

PART G DSM Calling Script

Every standby and GO placed on the licensed script pages, for all 83 cues, the ten songs and the show-stop procedures.

Revision R13.1 · 28 September 2026

DSM Calling Script

The Little Mermaid by Nick Lawrence · Plantagenet Hall · one GO fires everything

Row	Meaning
Amber	Standby: give it on the page and words shown. Wait for every department to answer “Standing by”.
Green	GO: say “GO” exactly on the words or action shown.
Blue	Song: straight after its cue the QLab operator starts the song; section GOs follow the music (the DSM can delegate them).
Coral edge	Critical cue: flash, storm, water or transformation.
Pages	Pages of the licensed script as supplied (Nick Lawrence Pantomimes, revised April 2026, 55 pp, “Page N of 55” footer). If your printed copy paginates differently, call on the words.

CALLS TO KNOW

Q57b — restore Ariel: called on Ariel’s entrance after the haywire (Q57). It fires the white restore hit, stops the HAYWIRE chase and puts SP1 on Ariel.

Flash returns are automatic (Q21, Q23, Q25, Q35, Q47, Q57b): call one GO per flash; the light comes back by itself.

Songs each have section GOs (S1.2, S1.3 ...). Agree at the paper tech whether the DSM calls them or the QLab operator takes them to the music.

Fades: songs fade and stop on the next scene cue (Q9, Q15, Q15.5, Q19, Q41, Q52) — no separate call.

ONE OPERATOR

Call “Standby QLab 20” ... “QLab 20 — GO” to the show operator, who presses GO; QLab fires the Mantra cue with the sound and video. If QLab fails the operator runs lighting from the matching Mantra scene memory (P2 Act One / P3 Act Two / P4 songs).

1 Pre-show, interval and end-of-show calls

When	What the DSM says / does
Half-hour (35 min before)	“Good evening company, this is your half-hour call. Half an hour, please. The house is not yet open.”
House open (FOH confirms)	“Company, the house is now open. Please keep the stage and wings clear and quiet.” · QLab 1 — house state, BG-01
Quarter-hour (20 min)	“Company, this is your quarter-hour call. Fifteen minutes, please.”
Five minutes (10 min)	“Company, this is your five-minute call. Five minutes, please.”
Beginners (5 min)	“Act One beginners to the stage, please: Spirit, Octavia, Flanders and opening ensemble.”
Department check	“All departments, report ready.” — QLab/LX, Sound, FX, Deck each answer “Ready”; FOH gives clearance.
Go for show	“Standby house lights out, QLab 4, FX HZ-01 ... House lights out ... QLab 4 — GO.”
Interval (tabs in at Q37)	“Thank you company, that’s the interval. Twenty minutes, please.” · QLab 38 interval music, BG-16
Interval +10 / +15	“Ten minutes to Act Two.” Deck reports reset done. “Act Two beginners: palace ensemble, Evan, Willis.”
Act Two	“Standby house lights out, QLab 39 ... QLab 39 — GO.”
Bows (Q64)	Hold the bows call until the final line lands; watch the line-up.
End (Q65)	“QLab 65 — GO.” House up via FOH. “Thank you company and crew, that’s the show.”

2 Calling sequence

PRE-SHOW · cues 1 to 3

Group standby: “Standby QLab, FX for cues 1 to 3, please.”

Q	Page	Standby at / GO on	DSM calls	Depts	What happens
1	—	FOH manager: house opening	“Standby QLab 1, FX”	QLAB FX	Preshow state, house music, BG-01 low
	—	House opens	“QLab 1, FX — GO”		
2	—	with Q1	“Standby QLab 2”	QLAB	Preshow music

65	p 55	"So all that's left to say is..."	"Standby QLab 65, FOH"	QLAB FOH	End of show; exit music; house up
	p 55	ALL: "See you again next year!" + applause	"QLab 65, FOH — GO"		

3 Holds, show stops and recovery

1. "HOLD, please. Hold." on Channel A and B. All operators freeze their current state.
2. If anyone is at risk: "QLab, safe light — GO" (E3 / Mantra P2 M10) and "QLab, stop all — GO" (E1). FOH for house lights.
3. Announcement: "Ladies and gentlemen, we're taking a short pause in the performance. Please remain in your seats and we'll continue as soon as possible. Thank you."
4. TD and DSM agree the restart cue; tell every department the cue number.
5. "Standby to restart from Q__ ... QLab __ — GO." House lights out first.

EVACUATION — FOLLOW THE VENUE PROCEDURE

"HOLD. Stop the show." QLab: E1 stop all, E3 safe light; FOH: house lights full. Make the venue's approved announcement; crew and cast leave by the agreed exits.

Situation	DSM action
An operator misses a GO	Call it again once. If the moment has passed, go straight to the next cue.
Lightning / flash missed	Skip it. Never call a late flash.
QLab down	"LX, take it from the desk" — the operator runs the matching P2/P3/P4 memory with Next Cue; sound goes to emergency playback ch 13–14.
Q57b missed	Call it as soon as Ariel is on — the HAYWIRE chase keeps running until it fires.
Two looks stacking	"Hold" — operator presses O (All Cues Off) then re-fires the current cue.
Radio mic fails	Sound tells DSM; Deck swaps to the spare pack at the next exit.
Water or haze unsafe	"FX, stop." Continue the dry version.

4 Script findings

- The contents page lists “Scene Eleven: On the Shore” but there is no Scene Eleven in the text: Scene Ten (pp 51–54) runs straight to Scene Twelve (p 55).
- The contents list a Scene Five song (p 33) that isn’t in the text.
- Octavia's palace entrance (p 36) comes before the cue cards (p 37), so cues 42 and 43 stay swapped.
- The water pistols spray the audience (pp 20 and 46) — Manual R-23.

Paper-tech notes

PART H Props List & Preset Sheets

Every prop the script calls for: tracking chart, preset sheets for each side, running plot, cue-card list and resets.

Props List & Preset Sheets

Every prop the script calls for, where it lives and who handles it

26 props and prop-costumes	2 water effects (R-23)	8 cue cards + spares	11 scenes with props
--------------------------------------	----------------------------------	--------------------------------	--------------------------------

SCRIPT PAGES

Pages are from the licensed script revised April 2026. Every prop is called for in the text except P26, which is optional dressing.

CONTINUITY TRAPS

1 Card 3 (the weird fish) is passed off in Scene Six and goes back on with Dame at the top of Scene Seven (p 40). 2 The shell travels: SL shelf → Octavia (Scene Five) → Octavia (Scene Six) → plinth (Scene Eight). 3 Willis needs a second, battered fish for p 22. 4 The salt boxes spill just before the storm and the water — no real salt; sweep after the scene.

Stage right / stage left are the actor's right and left, facing the audience (stage right = audience left).

1 Master props list

ID	Prop	Type	Qty	Scenes	Script pp	Used by	Preset (proposed)	Notes / make
P01	Child's toy ("the latest craze")	Hand	1	S1	11	Ariel	SL table	Current must-have kids' toy; Ariel enters with it behind her back. Pick something topical.
P02	Queen Marina's trident	Hand	1	S1, S5, S7, S10	11, 52	Marina	SR table	Raised on p 52 ("heir to this trident!"). Light, no sharp points; never swung near others.
P03	Marvel comic	Personal	1	S2	16–17	Slap	SL table	Real comic or printed cover. Slip and Slap's running joke.
P04	Ladder	Hand	1	S3	19	Sailor 1	SR wing	Short, light wooden ladder (or painted prop). Crosses in front of Godfrey and Evan; walks into Sailor 2.
P05	Small boxes marked "SALT"	Consumable	3–4	S3	19	Sailor 2	SL table	Empty boxes or a little paper/foam filler — no real salt (slip hazard before the storm and water). Sweep after the scene.
P06	Fish — intact, soft (thrown)	Hand	1 + spare	S3	19	Deck → Willis	SL table	"A fish is thrown on from the wings." Willis catches and pockets it. Soft, light, easy to catch.
P07	Fish — "battered"	Personal	1	S3	22	Willis	Willis's costume	Willis pulls it out after the storm. Preset in a second pocket, or swap off-stage — decide in rehearsal.
P08	Weather report paper	Personal	1	S3	20	Sailor 3	SR table	"The weather will be sunny."
P09	Willis's list of princesses	Personal	1	S3	20–21	Willis	SR table	Scroll or clipboard: Kelly, Bella, Penelope.
P10	Water pistols — weather gag	Effect	2–4	S3	20	Deck / ensemble	Both wings (bucket)	Spray the audience (R-23). Clean water only, filled on call; small bursts below head height.
P11	Godfrey's lifejacket	Costume	1	S3, S5	21–22	Godfrey	SR (dresser)	He exits p 21 and runs back on wearing it. Quick put-on: clip or velcro front.
P12	Large seashell (Ariel's voice)	Hand	1 + spare	S5, S6, S8	31, 36, 43–44	Octavia → Deck → plinth	SL wing shelf	Octavia collects it from the wings on p 31, taunts Ariel with it in Scene Six (p 36), then it sits on the plinth in Scene Eight. Dame must be able to open it: hinged or a lid.
P13	Ariel's tail-to-legs change	Costume	—	S5	30–31	Ariel / wardrobe	On Ariel	Transformation under the Q35 white hit: tear-away tail or skirt. Rehearse with lighting.

ID	Prop	Type	Qty	Scenes	Script pp	Used by	Preset (proposed)	Notes / make
P14	Cue cards (set of 8, large)	Hand	1 set + spare	S6, S7	37–38, 40	Ariel	SR table	Readable from the back row, matte finish. Ariel passes each off-stage — ASM catches them in order.
P15	Jellyfish costume / puppet	Costume	1	S7	40–42	Ensemble (jellyfish)	Upstage cross-over	Enters behind the cast several times. Clear path behind; performer must see out.
P16	Plinth for the shell	Set	1	S8	43	Deck	Off SL (set in blackout)	Stable, on the SP4 floor mark. Shell sits in its special (#10).
P17	Captain America shield (Frisbee)	Personal	1	S8	43	Slip	SL table	Homemade look is the joke. Frisbee with painted star.
P18	Iron Man gauntlet (washing-up glove + torch)	Personal	1	S8	43	Slap	SL table	Torch taped to a rubber glove. Fresh batteries each show.
P19	Slippers	Hand	6–8	S8	47	Ensemble	SR table	“Armed with slippers.” Soft, light; thrown only if choreographed and never at the audience.
P20	Water pistols — cross-fire	Effect	4–6	S8	47	Ensemble	Both wings (bucket)	Catches the audience in the cross-fire (R-23). Refill at the interval; towels ready.
P21	Inflatable armbands	Costume	3 pairs	S9	48	Evan, Willis, Godfrey	SR (dresser)	Evan and Willis enter wearing them; Godfrey wears a pair too. Check inflation.
P22	Rubber rings	Hand	3	S9	48	Godfrey	SR table	One round his waist, two carried and handed to Evan and Willis. Spare pump.
P23	Homemade superhero capes	Costume	2	S10	51	Slip, Slap	SL (dresser)	Worn at the wedding — the ‘Under the Sea / Under DC’ joke.
P24	Octavia's bridal costume	Costume	1	S10	51	Octavia	SL (dresser)	Check the quick change from Scene Eight with wardrobe.
P25	Guards' spears or staffs (optional)	Hand	2	S10	53	Guards	SR table	For the arrest. Blunt, light; optional.
P26	Order of service (optional)	Hand	1	S10	—	Godfrey	SL table	Optional dressing only — not called for in the April 2026 text. Cut if not wanted.

4 Running props plot

Scene	Script pp	Props in / out, hand-offs and resets
Pre-show	—	All props preset (preset sheets). Water pistols NOT filled — fill on call only. Shell on SL shelf; plinth off SL; cue cards in order SR.
Prologue	6–7	No props.
Scene One	8–12	Ariel collects P01 toy (SL). Marina enters with P02 trident (SR). Ariel exits with toy → back to SL table.
Scene Two	13–18	Slap enters with P03 comic (SL). Returns it on exit. Blackout change → ship.
Scene Three	19–23	P04 ladder, P05 salt boxes, P06 fish thrown from SL, P08 report, P09 list. P10 pistols from both wings (Q19.2 rain burst). Godfrey exits p 21 — dresser puts on P11 lifejacket. After tabs: sweep, check stage dry.
Scene Four	24–26	No props. Deck finishes sweep upstage of tabs; preset Scene Five.
Scene Five	27–33	Octavia collects P12 shell from the SL shelf (p 31) and keeps it. P13 tail-to-legs change under the Q35 flash.
Interval	—	Interval reset (below). Refill water pistols for Scene Eight. Shell stays with Octavia's props (SL).
Scene Six	34–39	Octavia enters with P12 shell (p 36) and hands it to the SL ASM on her exit. Ariel enters with P14 cue cards (p 37); SR ASM catches each card in order and hands Card 3 to Dame.
Scene Seven	40–42	Dame enters with Card 3 (p 40). P15 jellyfish enters upstage (repeats with Q47). ASM sets P16 plinth + P12 shell on the SP4 mark in the blackout into Scene Eight.
Scene Eight	43–47	Slip P17 shield, Slap P18 gauntlet (SL). Dame opens the shell. Ensemble P19 slippers (SR) and P20 pistols (both wings), p 47. After tabs: strike plinth + shell, towels down, stage dry check.
Scene Nine	48–50	P21 armbands on Evan, Willis, Godfrey (SR dresser); Godfrey carries P22 rubber rings and hands two over.
Scene Ten	51–54	P23 capes, P24 bridal costume (SL dresser). Marina P02 trident (p 52). Optional P25 spears (p 53), P26.
Scene Twelve	55	Clear props from the stage edge for bows.

5 Cue cards, consumables and resets

Cue-card list (Scene Six, pp 37–38)

Card	Shows	Notes
Card 0	“Say its Coral Singers”	Shown first, to Evan while Godfrey calls from off-stage (p 37)
Card 1	“With any luck, by next year...”	p 37
Card 2	“I’ll be going out with one of these...”	p 38
Card 3	Picture of a very weird, strange-looking fish	p 38 · goes back on with Dame in Scene Seven (p 40)
Card 4	“And you’ll be taking out one of these...”	p 38
Card 5	Picture of a plate of fish and chips	p 38
Card 6	“But for now, let me say...”	p 38
Final	“They’re about LOVE, ACTUALLY”	p 38 · revealed to Flanders

About A2 or larger, black lettering on white matte board, lettering at least 10 cm high so the back row can read it. Number the backs in small print. Make a full spare set. SR ASM stacks them in order after every show.

Consumables

Item	Per show	Stock
Clean water for pistols	~2 L	Refill at interval
Torch batteries (gauntlet)	Check	Fresh pack
Paper/foam ‘salt’ filler	Refill boxes	Bag
Towels (stage and front row)	6+	Wash nightly
Gaffer and glow tape	—	Roll each
Spare fish, spare shell	—	1 each
Pump for rubber rings / armbands	—	1

Interval reset

- | | |
|--|--|
| ☐ Salt debris and water swept/dried (Scenes Three & Five) | ☐ Refill water pistols for Scene Eight (both wings) |
| ☐ Shell back on SL shelf if Octavia has put it down | ☐ Cue cards in order on SR table |
| ☐ Card 3 ready to hand to Dame | ☐ Plinth ready off SL |
| ☐ Slippers, shield, gauntlet (torch works) | ☐ Rubber rings and armbands inflated |
| ☐ Capes and bridal costume with SL dresser | |

Post-show

- ☐ Collect all personal props from dressing rooms
- ☐ Re-order cue cards; check for damage
- ☐ Log breakages and missing items in the show report (Part A)
- ☐ Dry water pistols and towels; empty buckets
- ☐ Count: fish ×2, shell, comic, toy, trident

Props notes / repairs

PART I Projection Backgrounds

The 26 backdrops, the projection cue plan as wired into the workspace, the matching lighting for each picture, and the prompts behind them.

Revision R13.1 · 28 September 2026

PART I · R13.1 · 28 September 2026

Projection Backgrounds

The backdrops, matched to the cyclorama calls in the April 2026 script and wired into TLM_Show_R13_1.qlab5.

21 backdrops in the cue plan	26 backdrop designs BG-01....BG-26	27 picture changes	8 fades to black	15–16 s seamless loops, 1920×1080 HEVC
--	---	------------------------------	----------------------------	---

HOW THE BACKDROPS PLAY

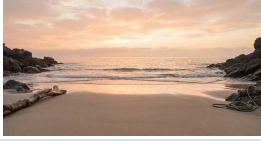

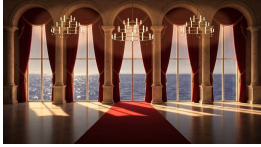

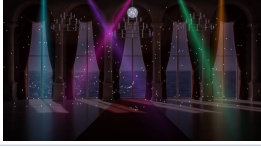

26 backdrops (BG-01 to BG-26), matched to the script's cyclorama calls; every loop is a seamless 15–16 s HEVC file. BG-21 clears from the storm to calm seas.

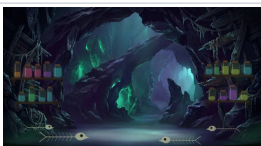

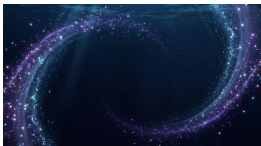

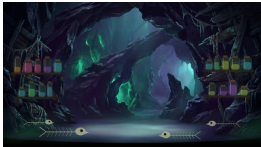

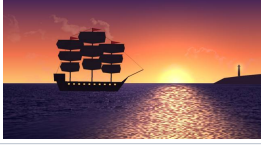

They play from the workspace itself: every picture change is a Video cue plus a 2-second fade in/out inside the numbered cue group, so the picture always changes with the light and sound on the same GO. The files live in media/video and media/stills inside TLM_R13_REBUILT_Show_Files and are found by relative path.

1 Projection cue plan

What is on the screen from cue to cue, read from the workspace. Each change is a 2 s crossfade; **black** fades the picture out and leaves the screen black (use the projector's AV-mute too). Loops run on infinite loop. The switch shows the lighting QLab fires on the same GO.

Cue	Picture	Media	Moment	Light	Mantra look
Q1		BG-01 House / preshow BG-01_House_Preshow_loop.mp4 (loop)	Preshow preset		P2 M1 · M02 HOUSE
Q4		BG-02 Beneath the Waves — the coral BG-02_Beneath_the_Waves_loop_A.mp4 (loop)	Show start		P2 M1 · M03 UNDERWATER
Q8		BG-22 Rock Lobster beach party BG-22_Rock_Lobster_Beach_Party_loop.mp4 (loop)	Opening number		P2 M1 · M03 UNDERWATER
Q9		BG-17 Busy coral reef BG-17_Busy_Coral_Reef_loop.mp4 (loop)	Theodore entrance		P2 M1 · M04 COMEDY
Q12		BG-03 Coral Conservatoire (singing lesson) BG-03_Coral_Conservatoire_still.jpg (still)	Singing Lesson preset		P2 M2 · M04 COMEDY
Q16.5		BG-04 Octavia's storm spell BG-04_Storm_Spell_loop.mp4 (loop)	Octavia conjures the storm		P2 M2 · Lighting churns: M11 + slow swirl
Q17		Fade to black (VID-99 / AV-mute)	Scene Two blackout		P2 M2 · M01 BLACKOUT
Q18		BG-05 Ship — calm sea BG-05_Ship_Calm_loop.mp4 (loop)	Ship number		P2 M3 · M06 SHIP

Cue	Picture	Media	Moment	Light	Mantra look
Q19		BG-06 Weather report — 'sunny' BG-06_Weather_Sunny_still.jpg (still)	Weather gag		P2 M3 · M06 + quick accent
Q19.3		BG-05 Ship — calm sea BG-05_Ship_Calm_loop.mp4 (loop)	Weather: back to normal		P2 M3 · Return to M06 SHIP
Q20		BG-07 The storm BG-07_Storm_loop.mp4 (loop)	Storm wind build		P2 M3 · M08 STORM

Q64		BG-26 Tall ship at sunset BG-26_Tall_Ship_Sunset_loo p.mp4 (loop)	Bows		P3 M6 · M16 BOWS; optional house 15%
Q65		Fade to black (VID-99 / AV-mute)	End / exit		P3 M6 · M02 HOUSE after stage fade

PROJECTION RULES

No flashing is in any video: lightning and magic hits come from the Mantra (R-04). BG-09 runs under both the transformation (Q33) and the voice transfer (Q52).

The backlight and PixBars run hard. Keep them tilted downstage so the screen only sees the projector (R-25), and check washout with BG-02, BG-18 and BG-20 running.

Emergency: QLab **E2 VID-99 BLACK** puts a black frame on the stage; the projector's AV-mute is the backup. If a video file fails, the matching still in media/stills is the fallback.

2 Backdrop gallery

All 26 designs. Stills are the 1920×1080 frames; the loops move gently from them.

3 Script cyclorama calls — April 2026 script pages

Page	Script calls for	Cue	Media
p 8	Busy coral reef with fish and sea creatures	Q9	BG-17 (after BG-22 for Rock Lobster at Q8)
p 19	Blue sunny day on a gentle ocean	Q18	BG-05
p 21	Dark and stormy with lightning	Q20	BG-07; lightning from the Mantra
p 22	Cyclorama reverts to calm seas	Q27	BG-21 clearing sky
p 27	Underwater scene	Q31	BG-02 loop B
p 34	Inside a grand ballroom	Q39	BG-18; BG-23 rave for Crab Rave at Q40
p 41	Under the sea (curtains slowly open)	Q45–45.5	BG-11 jellyfish
p 43	Dark dingy cave, fish bones and weird jars	Q50	BG-19; BG-09 magic at Q52
p 51	Outdoors at the royal palace, wedding flowers	Q60	BG-20; BG-25 confetti at Q63

Scenes Two, Four and Nine are played in front of the tabs: their pictures (BG-03, BG-08, BG-13) are only seen if the tabs are open or a gauze is used — decide at the tech (To Find & Confirm).

4 Making or remaking a backdrop

1. Generate the image prompt as a 16:9 still in an AI image tool (landscape 16:9).
2. Pick the best version; upscale to at least 1920×1080 (the Epson's native resolution — check the label).
3. For loops: load the approved still into an image-to-video tool with the motion prompt; make 5–10 s clips.
4. Make it loop: join clips and cross-dissolve the end into the start (or ping-pong water and particles). The show loops are 15–16 s.
5. Export 1920×1080, 24–30 fps, no audio, H.264/HEVC. **Keep the same file name** so its cue picks it up.
6. Copy it into TLM_R13_REBUILT_Show_Files/media/video (or stills), replacing the old file, then test on the real projector with the stage lights on.

RULES FOR EVERY BACKGROUND

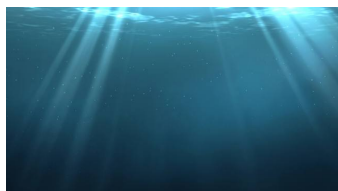

One look for the whole show: every prompt ends with the same style line. Keep the lower centre calm and darker. No people, mermaids or characters, and no text. No flashing or strobing. Original designs only — the script says 'not Disney'; never name a film, studio, character or artist.

Rights: check the tool's terms allow public performance and note the tool and date for each file. Screen brightness is about half a laptop's — generate slightly brighter and lower-contrast.

Shared text

Style line	Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.
Negative prompt	people, mermaids, faces, animals in focus, characters, cartoon mascots, Disney style, text, letters, logos, watermark, signature, frame, border, harsh white highlights, busy detail in the lower centre
Loop tail	Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

5 Prompt cards

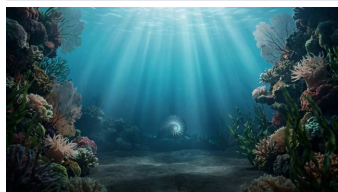

BG-01 — House / preshow · Q1

Image: A deep blue ocean seen from below, soft beams of sunlight falling through the water from a rippling surface, tiny drifting bubbles and particles, dark vignette at the edges, calm and inviting. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Light beams slowly sway, particles drift upward, surface ripples shimmer. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Runs low (about 40 % opacity) under house light.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

BG-02 — Beneath the Waves — the coral · Q4, Q31, Q36.5

Image: A magical underwater coral kingdom, colourful coral reefs and swaying sea grass framing the left and right edges, a distant glowing shell-shaped palace far in the background, shafts of turquoise light, open calm water in the centre. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Sea grass sways, small silhouetted fish schools cross the far background, light caustics ripple. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Main underwater look. Loop A for the Prologue and Q36.5, loop B for the Scene Five bar.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

BG-03 — Coral Conservatoire (singing lesson) · Q12

Image: An underwater music room built from coral and shells, a large scallop-shell stage and seaweed curtains at the sides, pearl music stands and bubbles shaped like musical notes, warm golden light. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Note: Still. Seen only if the tabs are open for Scene Two.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

BG-04 — Octavia's storm spell · Q16.5

Image: Dark churning underwater currents swirling in a spiral, deep purple and sickly green light, a sense of gathering magic. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: The whirlpool slowly turns and tightens, purple light pulses gently. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Plays under 'the lighting churns' (Q16.5); out on the Q17 blackout.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-05 — Ship — calm sea · Q18, Q19.3**

Image: A blue sunny day on a gentle ocean, soft white clouds, distant horizon. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Gentle swell, clouds drift, sun glints move on the water. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Keep the rocking tiny — strong motion on a big screen makes audiences queasy.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-06 — Weather report — 'sunny' · Q19**

Image: An absurdly perfect sunny sky, a big bright sun, perfect blue sky, fluffy clouds, over a calm sea. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Note: Comic snap for the weather gag (Q19).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-07 — The storm · Q20**

Image: A violent storm at sea, towering dark waves, driving rain, low black clouds lit from inside, deep blue and steel grey. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Rain falls, waves heave, clouds churn. No lightning. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Lightning comes from the Mantra (Q21, Q23, Q25) — never flashes in the video (R-04).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-08 — The shore · Q28**

Image: A quiet sandy cove at sunrise just after a storm, soft peach and pale gold sky, small waves, driftwood and a coil of rope at the edges, rocks framing the sides. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Small waves wash in and out, clouds drift, light slowly warms. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Scene Four is played in front of the tabs: seen only if the tabs are open or a gauze is used.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-09 — Transformation magic · Q33, Q52**

Image: Swirling magical energy, violet and cyan glowing particles spiralling around an empty centre, sparkles and soft light trails, dark background. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Particles spiral slowly upward and inward. Gentle, not flashing. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Runs under the transformation (Q33) and the voice transfer (Q52). The white hits come from lighting.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-10 — Royal palace — great hall · spare**

Image: The grand hall of a seaside palace, tall arched windows over the sea, marble columns, red and gold drapes, warm afternoon sun. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Curtains stir, sunlight shifts, sea sparkles. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Spare — BG-18 is used for the palace.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-11 — Jellyfish search · Q45**

Image: A playful bright underwater scene, coral and kelp framing the edges, soft pink and cyan jellyfish drifting far in the background, bubbles, cheerful light. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Distant jellyfish pulse and drift upward, bubbles rise, kelp sways. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: The real jellyfish is a performer — the video ones stay small and distant.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-12 — Octavia's lair (first version) · spare**

Image: A dark sea-witch's cave, jagged rock arches, eerie green glow from cracks, deep purple shadows. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Green glow pulses slowly, dark particles drift. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Spare — BG-19 is used for the lair.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-13 — Back on dry land — palace terrace · Q59**

Image: A sunny palace terrace above the sea, stone balustrade, potted flowers, bright blue sea and sky. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Note: Still. Comic armbands scene (Q59).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-14 — The wedding (indoor hall) · spare**

Image: The seaside great hall dressed for a royal wedding, white and gold flowers, a flower arch, candlelight. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Candles flicker, petals drift down. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Spare — the script sets the wedding outdoors (BG-20).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-15 — Finale — fireworks · spare**

Image: A celebratory night sky over the sea and a distant palace, soft fireworks, reflections on the water. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Fireworks bloom and fade slowly. No rapid flashes. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Spare — swap with BG-26 if the director prefers fireworks.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-16 — Interval card · Q38**

Image: A calm underwater scene with empty space in the upper centre for a title, soft blue light, coral silhouettes along the bottom. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Note: Still. Add the interval text in QLab, not in the image.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-17 — Busy coral reef · Q9**

Image: A lively coral reef bustling with small tropical fish, starfish and anemones along the edges and upper background, turquoise water, sunbeams, open water in the lower centre. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Schools of small fish swim slowly across the upper background, sea grass sways.

Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Scene One (script p 8). Fish stay small and high so they don't compete with dancers.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-18 — Grand ballroom · Q39, Q41**

Image: A grand royal ballroom by the sea, crystal chandeliers, red drapes and tall arched windows with the ocean beyond, red carpet, warm evening light. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Chandelier crystals glint, curtains stir, the sea sparkles. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Scene Six (script p 34).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-19 — Dingy cave with jars and bones · Q50, Q58**

Image: A dark sea-witch's cave, shelves of glowing potion jars, fish skeletons on the floor, eerie green and purple glow, a faint pool of light in the centre. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Potions glow and pulse slowly, murky particles drift, green mist creeps. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Scene Eight (script p 43). The shell is lit by SP4 — no bright glow in the video centre.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-20 — Palace gardens wedding (outdoors) · Q60**

Image: The sunny outdoor terrace of a seaside palace dressed for a wedding, a white flower arch, rose garlands, the blue sea beyond, soft golden light. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Petals drift down slowly, garlands flutter, the sea sparkles. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Scene Ten (script p 51).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-21 — After the storm — clearing sky · Q27**

Image: Storm clouds breaking apart to a calm blue sky and a rainbow, the sea settling. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Clouds drift apart, sunlight widens, the rainbow brightens slowly. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Q27 — 'the cyclorama reverts to calm seas' (script p 22).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-22 — Rock Lobster beach party · Q8**

Image: A retro beach party under the sea: the reef strung with glowing lanterns in hot pink, orange, lime and turquoise, surfboards in the sand, bubbles like confetti. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Lanterns bob, lights glow and dim softly in sequence (no flashing), bubbles float up. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: S1 Rock Lobster (Q8); crossfades to BG-17 at Q9.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-23 — Ballroom rave · Q40**

Image: The grand ballroom at night turned into a party: mirror-ball glow, soft beams of cyan, magenta and orange light through haze, sparkles on the floor. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Beams sweep slowly, mirror-ball specks drift. No strobing. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: S6 Crab Rave (Q40). Beam colours match the S6 lighting.

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-24 — Potion storm · spare**

Image: Inside the sea-witch's cave, a swirling vortex of green and purple potion smoke rising from a cauldron, glowing jars on the shelves. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Smoke swirls slowly upward, glow brightens and fades. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: Spare — optional for the S8 build and climax (not in the workspace).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

**BG-25 — Celebration — confetti and rainbow · Q63**

Image: The palace gardens in full celebration, rainbow ribbons, confetti drifting, soft rainbow light, the sea glowing gold. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: Confetti falls slowly, ribbons wave, rainbow light shimmers. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: S9 Absolutely Everybody (Q63).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

BG-26 — Tall ship at sunset · Q64

Image: A proud tall ship in silhouette on a glowing sea at sunset, orange and purple sky, a lighthouse on a distant headland. Painted storybook theatre backdrop, soft gouache and watercolour illustration, gentle brush texture, rich but slightly muted colours, wide 16:9 composition, no people, no characters, no text.

Motion: The ship rides the swell, clouds move slowly. No fast cuts. Locked-off camera, no cuts, very slow gentle motion, seamless loop, calm enough to sit behind dialogue.

Note: S10 He's a Pirate — the bows play-out (Q64).

☐ generated ☐ approved ☐ 1920×1080 ☐ loop checked ☐ in QLab

Director / design notes

PART J

Prompt Copy — Licensed Script

The Little Mermaid · R13.1 · 28 September 2026

The licensed script (Nick Lawrence Pantomimes, revised April 2026), 55 pages, with every cue in the margin.

AMBER SB = standby, on the line shown.

GREEN GO = the QLab GO; departments and what happens.

BLUE SONG = the song group fires straight after the GO; its section GOs follow the music.

Page numbers match the script's own numbering and the calling script (Part G).

Write blocking in pencil in the space left of the cue margin.

Script gaps to raise with the director:

- The contents page lists Scene Eleven: On the Shore (p 55) but there is no text for it.
- The Scene Five song listed on the contents page is not in the text.
- The character page names the sisters Persil, Lenor, Daz and Own Brand; the casting sheet has
Scarlotte, Paulette, Charlotte and Kandy.

LICENSED MATERIAL — for this production's prompt desk only. Do not copy, share or upload publicly.

List of Characters

Ariel: Titular heroine who dreams of the surface.

Dame Beluga: The Royal Singing Teacher.

FLANDERS: Comic. Ariel's best friend.

Queen Marina: Queen under the sea. Ariel's mother.

Octavia: The baddie. Queen Marina's sister.

Theodore: A Lobster. Queen Marina's right-hand man.

Prince Evan: Principal boy and Ariel's love interest.

King Godfrey: Prince Evan's father.

Willis: Prince Evan's friend and confidante.

Slip and Slap: Octavia's hapless henchmen.

The Spirit of the Sea: A good fairy. Ariel's spiritual guide and storyteller.

Persil, Lenor, Daz and Own Brand: Ariel's sisters.

Ensemble: Mermaids, Sea-creatures, Sailors, Citizens, Guards & Jellyfish etc.

Author's Notes

Taking panto from Page to Stage...

Year-round Pantomimes

Panto is most popular during December and the Christmas season; however, more and more productions are taking place at other times of year. If required you are permitted to change seasonal Christmas references to something more seasonably appropriate.

The Cue-Card Scene (Scene Six)

Ariel communicates with Evan using a stack of large hand-lettered cards in a homage to the same scene in the film Love Actually. The underscore music is flexible, "Silent Night" is used in the film, but any similar music works too. Don't forget to make the cards large enough to be clearly readable by those on the back row!

The Voice-Passing Routine (Scene Eight)

In this scene, Ariel's voice, released from the shell, passes between characters as a spotlight moves between them. The actor playing Ariel speaks the lines from offstage while each character lip-syncs in turn. The spotlights can be preset from above, with specific places for the actors to stand beneath them, or a follow-spot can flick between them: whatever works best for you!

Act One**Prologue: Beneath the Waves****TABS CLOSED**

There is a magical sound as THE SPIRIT OF THE SEA enters. She addresses the AUDIENCE.

SPIRIT Good evening, dear friends, and welcome to you,
It's time for our panto, there's lots to get through.
I'm the Spirit of the Sea, and I've come here tonight,
To set the scene properly, and start our tale right.

Deep beneath the surface, under the sea,
There is a kingdom of wonders, but it's not Disney,
We have to be different, so have added some twists,
Or we might get in trouble with the copyright-ists!

Our story retains the undersea realm,
Queen Marina is monarch and steadies the helm.
Her trident holds power and she sits on the throne,
But her sister is jealous and wants it for her own.

There is an evil chord. OCTAVIA enters. The AUDIENCE boo.

OCTAVIA (Savouring the boos) I knew you lot would start early on the boos!

SPIRIT This is Octavia, she's a Sea-Witch,
She's the Queen's sister and a bit of a... handful.
She longs for the trident and covets the crown,
She's making her plans to bring the Queen down.

OCTAVIA Not just the Queen, I want to get rid of them all, and Ariel most of all!

SPIRIT Ariel's a princess, Marina's first daughter,
She's heir to the throne and all underwater,
But that is not all, she's also been blessed,
With a voice that, quite simply, is the very best.

OCTAVIA (To the AUDIENCE) It's just a shame such a talent has been wasted on such a silly princess. That voice should be mine, and the trident too!

SPIRIT Oh please stop your plotting, you know you can't win,
Besides, it's now time for our show to begin,
You can't have her voice, it wouldn't be fair,
Now off you go, go back to your lair.

OCTAVIA Fine, but this isn't the last you've heard of me!

Scene One: Beneath the Waves

TABS OPEN

The stage is bright and colourful. The **ENSEMBLE**, as mermaids, fish and sea creatures, sing and dance the opening number. **FLANDERS** is among them.

CYCLEORAMA – busy coral reef with fish and sea creatures

Song: Ensemble & FLANDERS – ROCK LOBSTER

The number ends. **FLANDERS** steps forward and addresses the **AUDIENCE**.

FLANDERS Hello everyone and welcome to the Coral, our underwater habitat of happiness and haddock that's fishier than a suspicious-looking salmon! My name is **FLANDERS** and I'm a... well, I'm a **FLANDERS**. **(Beat)** It's terrific to meet you, although by the looks of things, you don't seem very well prepared. We're hundreds of metres beneath the sea and you haven't got a snorkel between you!

CHARL' The Spirit of the Sea probably enchanted them to breathe underwater.

Everyone nods in agreement.

FLANDERS I think you might be right. I tell you, that fairy's got more spirit than the Queen's drinks cabinet!

SCARL' Speaking of the Queen, isn't she due here for the State of the Sea address?

FLANDERS She certainly is. **(To the AUDIENCE)** Every year Queen Marina addresses the people of the Coral. It's just like the King's Speech, but wetter.

PAUL' Have you seen the state of the sea lately? It's full of microplastics and drinking straws.

FLANDERS I know, and we absolutely need to sort it out. But microplastics don't make great material for panto.

KANDY They're not great material for the ocean either!

FLANDERS Touché.

THEODORE enters, self-important and slightly out of breath.

THEO **(Entering, grandly)** Stand aside! Make way! I am Lobster Theodore; Her Majesty's Most Loyal Hermit, Guarder of the Oysters, Keeper of the Pearls, Defender of the Reef, and Generally Snappy Dresser!

FLANDERS **(To the AUDIENCE)** He always has these unnecessarily long titles. Last time he introduced himself I missed the tide.

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

PAUL' And as for snappy dresser, you should see him on casual Fridays.

THEO **(Bristling)** Excuse me... For I am Lobster Theodore, Her Majesty's Most Loyal Hermit...

FLANDERS (Interrupting) Yes, yes, we know. Do you have to say the whole thing every time?

THEO Of course I do, for I am Lobster Theodore, Her Majesty's Most...

ALL **(Interrupting)** Alright!

FLANDERS Why are you here and what do you want?

THEO Some respect. Just a little bit.

FLANDERS (Cheekily) OK, Aretha Franklin.

THEO That is NOT my name!

FLANDERS We know. It's Lobster Theodore...

As FLANDERS says the name, members of the ENSEMBLE begin joining in, one title at a time, until all are speaking in unison.

S & SIS Her Majesty's Most Loyal Hermit... Guarder of the Oysters... Keeper of the Pearls... Defender of the Reef...

ALL And Generally Snappy Dresser!

THEO **(Satisfied despite himself)** Precisely. Now, Queen Marina is on her way with her daughters for the State of the Sea address and she's not in the finest of moods.

FLANDERS Why not?

THEO Because Ariel is missing.

Everyone gasps dramatically.

CHARL' She's always swimming off.

SCARL' I reckon she'll be looking for humans again.

THEO **(Sharply)** Don't say the H-word. Her Majesty doesn't like it.

FLANDERS (To the AUDIENCE) Many years ago, the Queen's parents were caught in fishing nets and never came back. So, you can understand why she's not their biggest fin.

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

There is a fanfare. QUEEN MARINA enters.

THEO **(Announcing grandly)** Please welcome her most esteemed majesty and ruler beneath the waves: Queen Marina!

The MERMAIDES applaud.

MARINA **(To the AUDIENCE/ENSEMBLE)** Hello everyone, it's lovely to see you all. Now, where is Ariel?

THEO She's just... she'll be along...

MARINA She's not here, is she.

THEO No, ma'am.

MARINA **(Sighing)** Theodore, why don't you introduce my daughters while I try not to have a royal meltdown.

THEO Of course, Your Majesty. **(To the AUDIENCE)** Ladies and gentlemen, lionfish and guppies, may I present Her Majesty's daughters. First, Charlotte!

MARINA My eldest. Still as smart and fresh as the day she was born.

CHARLOTTE steps forward and curtseys.

THEO Scarlotte!

MARINA So soft and gentle she could calm a raging sea.

SCARLOTTE steps forward and curtseys.

THEO Paulette!

MARINA A true beauty who dazzles us with her charm.

PAULETTE steps forward and curtseys.

THEO And... Kandy with a K.

MARINA **(Warm, but less gushing)** Hello, dear.

KANDY I'm just as good as the others!

FLANDERS And significantly cheaper.

MARINA **(Back to the matter at hand)** Now, Theodore, where is Ariel?

THEO My best intelligence suggests she's been in her treasure grotto, Your Majesty.

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

CHARL' She spends hours up there.

SCARL' Polishing her collection of strange objects.

PAUL' Combs made of metal.

KANDY Cups made of plastic.

FLANDERS You should see those four-pronged stabby things.

MARINA I couldn't give a fork! **(Beat)** Human made objects aren't safe and I won't have my daughter putting herself in danger. **(Beat)** And I worry about my sister, Octavia. Ariel is impressionable, and Octavia is not to be trusted. She's been jealous since I inherited the trident, and I wouldn't put it past her to try and use Ariel to get to me.

THEO Quite right, ma'am.

ARIEL enters, clutching something behind her back.

MARINA Ariel, there you are, what have you been doing?

ARIEL Sorry mother, I got distracted.

MARINA By what?

ARIEL hesitates, then produces the object from behind her back. It is a child's toy - the latest craze and most desirable object! Everyone gasps.

MARINA **(Staring at it)** What in the seven seas is that?

ARIEL Isn't it wonderful?

MARINA It certainly is not! What is that even *for*?

ARIEL I don't know. But someone made it. With hands. With imagination. Somewhere above us. Don't you think that's amazing?

THEO Actually Ma'am, I've seen one of those before, it's a very complicated tool with sophisticated abilities and uses... Well, either that or it's a child's toy.

MARINA You're to get rid of it immediately.

ARIEL But mother!

MARINA Don't 'but mother' me. I'm at the end of my tail with you. You're late for the State of the Sea address, and why, because you're obsessed with humans.

ARIEL But don't you ever wonder what it's like up there? Doesn't it matter?

MARINA What matters to me is your safety, humans are dangerous! Besides, you are a princess of the Coral. Your place is here, your future is here and the surface is forbidden. Do you understand me?

ARIEL I understand you perfectly, but you're not even trying to understand me.

ARIEL runs offstage, upset. Beat.

THEO I think she might be upset, your majesty.

MARINA Don't take that tone with me, Lobster... or I'll have you Theodored!

THEO **(Laughing)** Theodored... like Thermidored... very funny your majesty.

No one else laughs.

I'll go after her, shall I? **(He exits after ARIEL)**

Scene Two: The Singing Lesson

TABS CLOSED

DAME BELUGA enters. She sees the AUDIENCE and is immediately delighted.

DAME Hello and welcome. Look at you all! Are you enjoying yourselves?

The AUDIENCE responds.

DAME Sorry? ARE you enjoying yourselves?

The AUDIENCE responds louder.

DAME Ah, it's much better when you reply with a bit of volume. It's absolutely essential in my profession, for I am Dame Beluga; Royal Singing Teacher of the Seven Seas and recipient of the Classical Coral Conservatoire's Certificate of Choral Commendation. Try saying that quickly! **(Beat)** There's nothing I love more than teaching people to sing, in fact, I have devoted my entire career to saving the wails. Now, I wonder if there are any singing sensations here tonight, shall we have a look at you?

The houselights come up.

Wow-wee! You lot are quite the catch, and I mean that in the nicest possible aquatic way. **(Pointing at a man in the AUDIENCE)** Look at this gentleman, he looks just like my late husband... I'll let you decide if that's a compliment or not! My husband was wonderful, a keen sportsman and passionate about seahorse riding. Unfortunately, though, he was very allergic and swelled up right in the saddle. But at least he went out in a canter. But ever since then I've been on my own and I've been very lonely,

The AUDIENCE 'Aww'.

I'm more lonely than that

The AUDIENCE 'Aww' again.

I'm even more lonely than that

The AUDIENCE 'Aww' again.

Alright, I'm not that lonely. But it can't hurt to have a look now, can it.

She chooses a man in the AUDIENCE.

You there! What's your name?

The man responds.

Oh, **(NAME OF MAN)**, that's a lovely name! Let's do some aural practice, shall we? Open your mouth... **(Beat)** Wider, wider... Ooh, you've got lovely tonsils! Have you had any formal vocal training? No? Then how about I do a little demo for you, would you like that? **(Regardless of their response)** No, oh well, I'm going to do it anyway!

Song: Dame Beluga – FEELING GOOD

The song ends and **ARIEL** and **FLANDERS** enter.

DAME Aha, there you are Ariel, ready for your singing lesson?

FLANDERS I can't sing, I'll leave you to it!

DAME Nonsense, everyone can sing. Ariel, give us an arpeggio please.

ARIEL sings a perfect arpeggio.

DAME Lovely. And now you **FLANDERS**.

FLANDERS sings. Not perfect, but not terrible.

DAME See, I knew you could do it. **(She turns to the man in the AUDIENCE)** And now... **(NAME OF MAN)**, your turn.

DAME BELUGA, ARIEL and **FLANDERS** turn to look at the man in the **AUDIENCE**. As soon as he starts singing they all cover their ears in horror.

Stop, stop that immediately!

ARIEL Oh come on Dame Beluga, it wasn't that bad!

DAME Not that bad, I've heard banshees with better tuning!

FLANDERS Maybe we should do a warmup before we sing?

ARIEL Excellent idea. Where do we start?

DAME **(As if obvious)** Where do we start? From the top of course!

FLANDERS I never knew that!

DAME It's the first rule of singing! And if you don't know that, there's no point in continuing! In fact, I think we should drill that into all of you first.

ARIEL But how?

DAME It's perfectly simple. Whenever I say, "Where do we start?" you respond "From the top!" **(Turning to the AUDIENCE)** In fact, you can all join in too. Whenever you hear "Where do we start?" you reply "From the top!" Ok? Let's give it a go... Where do we start?

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

The AUDIENCE, ARIEL and FLANDERS reply "From the top!" Beat. DAME BELUGA didn't hear them.

Have you done it yet?

ARIEL We just did.

DAME Well I didn't hear it. Let's try again, but louder, alright... Where do we start?

The AUDIENCE, ARIEL and FLANDERS reply "From the top!"

ARIEL How was that?

DAME It was ok, but the volume wasn't there. Some of the Audience are wearing louder shirts!

FLANDERS Shall we give it one more go? But this time as loud as we can.

DAME Absolutely. Ready... Where do we start?

The AUDIENCE, ARIEL and FLANDERS reply "From the top!"

DAME Now that's more like it! Do it just like that every time please! **(Beat)** Right, that's the end of the lesson. Doesn't time fly when you're having fun!

FLANDERS I don't think **(NAME OF MAN)** was having fun.

DAME Well, he'll have to practice his scales!

FLANDERS We haven't heard Ariel sing properly yet.

DAME She can manage that herself. She's been trained by the most extraordinarily talented vocal coach this side of the Great Barrier Reef.

FLANDERS No she hasn't, she was trained by you!

DAME Cheek! Now I must dash, I'm expecting a delivery of kelp and Australia Post keep delivering it to the wrong ocean. **(She exits)**

FLANDERS (To ARIEL) I'd still like to hear you sing. You've got the most beautiful voice in the sea, and I bet the audience would love to hear it. Wouldn't you?

The AUDIENCE respond.

ARIEL I suppose I could sing... but I don't know where to begin.

FLANDERS We can help with that... **(To the AUDIENCE)** Where do we start?

The AUDIENCE reply "From the Top!" ARIEL laughs.

Evil chord; OCTAVIA emerges

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

ARIEL Ok, how about this one...

Song: Ariel – PART OF YOUR WORLD

ARIEL sings her solo. **FLANDERS** listens intently.

FLANDERS (After the song ends) That was incredible.

ARIEL blushes. The lighting shifts slightly. She looks up.

ARIEL Hey **FLANDERS**, what's that?

FLANDERS Looks like a ship to me.

ARIEL A ship, with humans on board? Come on, let's go take a look! **(She exits)**

FLANDERS Wait! Your mother said not to... **(Too late, ARIEL has gone)** Oh dear. I've got a bad feeling about this. **(He exits after her)**

An evil chord sounds and **OCTAVIA** emerges from the shadows. The **AUDIENCE** boos.

OCTAVIA Oh lovely. Keep going. Let me drink all your boos.

The **AUDIENCE** boo louder.

Ok that's enough, or I'll be hammered by the interval! **(Beat)** Now then. We haven't been properly introduced, have we? I'm Octavia; Sea-witch, Ariel's aunt and Queen Marina's younger sister. You know, the one they don't put on the family portrait. **(Beat)** I've been standing there the whole time, listening to Ariel sing. Did you hear her?

The **AUDIENCE** react.

Of course you did. Because it's... extraordinary. I've been chasing that top note since I was fourteen but I could never reach the high Cs! My attempts to sing that high were like a damp firework... they never quite went off! **(Beat)** But Ariel has the perfect voice, and she doesn't even know what it's worth. And even worse... she wants to waste it on *humans*. My sister Marina has the trident, the throne, the title... and now her daughter has something I want too. Well... **(Mischievously)** Two fish, one shell, as they say. **(She gestures upward)** If that ship up there were to run into... difficulties... and if a certain curious princess were to make a rash decision to help them... well. That opens all sorts of doors, for me! **(She laughs wickedly. Calling offstage)** Slip! Slap! Get in here!

SLIP and **SLAP** enter. **SLAP** holds a **Marvel** comic.

SLIP Here we are! Like Captain America answering a distress signal!

SLAP Although technically Iron Man would have been faster...

SLIP Captain America can run thirty miles per hour.

SLAP That's still quite slow.

SLIP It's very fast for a human.

OCTAVIA What are you talking about, **(Noticing the comic)** and what is that?

SLAP It's a Marvel comic, we collect them.

SLIP We've got every issue of Iron Man, most of the Hulk and a few Deadpool's... but we don't read those.

OCTAVIA Why not?

SLIP He keeps breaking the fourth wall. It's very unsettling.

In perfect synchronicity, all three turn to face the AUDIENCE and stare them down for a moment. OCTAVIA continues.

OCTAVIA **(Regarding the ship above)** I want that ship capsized in a great big storm!

SLAP **(Immediately)** Spider-Man can do it!

OCTAVIA What?

SLIP He can web the rigging and bring it down.

OCTAVIA I don't want Spider-Man! I want a storm. A large, violent, ship-sinking storm.

SLIP How about Thor?

SLAP **(Nodding immediately)** Obviously Thor, he's the God of Thunder.

SLIP He'd do it in about five seconds, ten tops!

OCTAVIA I am not calling Thor! I am a sea-witch and I will conjure it myself.

SLIP **(Genuinely surprised)** You can control the weather?

OCTAVIA Of course I can. Now stand back, this is going to be spectacular!

SLIP and SLAP step back. OCTAVIA raises her arms. The lighting churns.

SLAP **(Quietly, to SLIP)** Turns out she can control the weather!

SLIP **(Impressed)** Just like Thor.

OCTAVIA **(Menacingly)** Will you stop going on about superheroes, otherwise I'll knock your teeth out, and then you will be 'Thore!'

Scene Three: Aboard the Ship

TABS OPEN

A grand ship deck at sea. The ENSEMBLE are sailors on a voyage. EVAN and WILLIS are among them.

CYCLORAMA – BLUE SUNNY DAY ON A GENTLE OCEAN

Song: Evan, Willis and Ensemble – SEA SHANTY

GODFREY (Entering) Do you have to do all that singing while we're at sea?

WILLIS Your majesty, King Godfrey... it raises morale for the sailors.

GODFREY Yes, Willis, but it lowers morale for my ears. Besides, it's bad luck.

EVAN Father, why do you have to be so superstitious? It's just a bit of fun.

GODFREY Oh Prince Evan, my dear, dear boy... Being superstitious is my royal prerogative. Besides, your mother wasn't superstitious and look what happened to her.

EVAN She got crossed by a black cat after walking under a ladder and spilling salt everywhere.

GODFREY Precisely, so who knows what might happen out here at sea.

EVAN I hardly think any of that is going to happen on a boat in the middle of nowhere.

A sailor enters carrying a ladder.

SAILOR Excuse me!

He crosses right in front of GODFREY and EVAN. Another SAILOR enters from the other side. He carries some small boxes marked Salt. The SAILOR with the ladder bumps into him and the Salt boxes fly everywhere.

EVAN Well, at least there isn't a cat!

A fish is thrown on from the wings. WILLIS catches it.

WILLIS No, but this is a cat-fish! **(He pockets it)**

GODFREY See, you can't be too careful. Now, I don't like the look of the ocean, it's too calm.

EVAN But it's just water, father.

GODFREY That's exactly what it wants you to think! It starts all calm and serene and then wham... a splashy betrayal. **(Beat)** Now, I want a weather report.

EVAN You can see the weather is fine, why do you need a report?

GODFREY Because it's my royal prerogative.

SAILOR **(Stepping forward with a report paper)** The weather will be sunny.

Suddenly the stage is incredibly brightly lit.

With gusts of wind

There is a fart sound.

And periodic rain.

Water pistols appear from the wings and spray the audience with water. After a moment the water pistols stop and the lights return to normal.

GODFREY Very good. Now, everyone back to work, we won't get anywhere if we're standing about chatting.

SAILOR But you're standing about chatting?

GODFREY Of course I am, it's my...

Everyone joins in...

ALL Royal prerogative!

GODFREY Exactly! Now, Evan, I need to talk to you.

All the SAILORS get back to work. GODFREY, EVAN and WILLIS talk together.

As you know, we are sailing to find you a suitable romantic match.

EVAN I do, but is that really necessary!

GODFREY Of course, besides, I think you'll be pleasantly surprised by the girls I've got lined up for you. Willis, give us the list.

WILLIS First there is Kelly, a kindly and cultured cutie from Kendenup.

EVAN She sounds nice.

WILLIS Then there's Bella, a brilliant and beautiful baroness from Barker

EVAN She sounds nice too.

GODFREY See, we're sure to find you a match.

EVAN But what if I don't like them, or they don't like me.

GODFREY Nonsense. Of course they'll like you. Now, I'm going below deck to alphabetise the emergency life jackets.

EVAN **(Confused)** Why on earth are you going to do that? **(Realising)** Wait, I know, it's your royal prerogative.

GODFREY Exactly! **(He exits)**

ARIEL and FLANDERS enter at one side as if surfacing near the ship. They can see everyone on board, but can't be seen themselves.

ARIEL Wow, it's incredible!

FLANDERS It certainly is, now come on, we shouldn't be here.

ARIEL But I want to see more, let's just stay a few more minutes.

FLANDERS Fine, but we're not to get any closer.

EVAN and WILLIS continue to talk.

EVAN I don't know why father wants me to marry, I'm perfectly happy on my own.

WILLIS I know that, but getting married is what princes do... It's their royal prerogative.

EVAN **(Laughing)** Don't start that again.

CYCLORAMA – DARK AND STORMY WITH LIGHTNING

Thunder rumbles and lightning flashes. The ship creaks slightly. GODFREY runs on. He is wearing a lifejacket.

GODFREY What was that?

EVAN It's just a bit of thunder and lightning.

Thunder rumbles again, stronger.

GODFREY There it is again! I said the sea was too calm!

EVAN Father, it's just a storm!

GODFREY There's no such thing as 'just a storm'! Storms are nature's way of shouting 'I told you so!'

It thunders again. The ship lurches one way and everyone moves the other.

WILLIS Nature is shouting quite loudly, sir!

More thunder. Throughout the next lines, everyone is being buffeted about the deck as the storm crescendos. In the commotion EVAN exits as he is thrown overboard.

GODFREY It's a good job I'm wearing this lifejacket.

WILLIS What about the lifejackets for the rest of us?

GODFREY Don't worry about them, they're perfectly safe below deck. Besides, I think the storm is stopping.

The storm immediately stops.

CYCLORAM REVERTS TO CALM SEAS

GODFREY Well that wasn't too bad.

WILLIS Not too bad, I think I've broken something. **(He pulls out the fish he caught earlier, it is damaged)** Oh dear, I think this fish got battered!

The SAILORS start to help each other stand up.

GODFREY Now, where is Prince Evan?

Everyone looks around. EVAN cannot be found.

SAILOR He must have fallen overboard?

GODFREY Don't be silly, this isn't the time for independent aquatic exploration!

WILLIS Can anyone see him in the water?

Everyone starts to look out to sea. ARIEL turns to FLANDERS.

ARIEL I can see him, he looks like he's in trouble.

FLANDERS And you will be too if your mother finds out you're here!

ARIEL We have to help him, come on! **(She exits)**

FLANDERS No Ariel, we can't get involved, it's none of our business! **(ARIEL has gone. He sighs)** Fine. I've got a really bad feeling about this! **(He exits after her)**

SAILOR **(To GODFREY)** There's no sign of him, your Majesty.

GODFREY **(Thinking)** Hmm... Ladder, Salt, Catfish, Storm.

WILLIS Are you talking about your superstition, sir?

GODFREY I said they would all happen. **(Beat)** And it's not superstitious if you're right.

WILLIS And if you're wrong?

GODFREY **(Firmly)** Then it's still my royal prerogative.

TABS CLOSE. END OF SCENE.

Scene Four: The Shore**TABS CLOSED**

There is a magical sound as the SPIRIT OF THE SEA appears. As she addresses the AUDIENCE, ARIEL and FLANDERS enter, supporting EVAN between them. They lay him carefully on the shore.

SPIRIT The storm has now calmed, and Evan's been saved,
Ariel kept him safe from a very watery grave,
But what happens now, is anyone's guess,
Who knows what is next for this prince and princess.

There is a magical sound as the SPIRIT OF THE SEA disappears.

FLANDERS (Out of breath) Right. Here we are. The shore. Lovely. Come on Ariel time to go home.

EVAN stirs.

ARIEL He's alive!

FLANDERS That is technically good news. Although emotionally... I'm not convinced. Ariel, we should go. Your mother is going to absolutely lose her fins if she finds out, and we can't let him see us.

ARIEL simply shakes her head. She isn't going anywhere.

(Sighing) Right. **(To the AUDIENCE)** I'll just go and... **(He gestures vaguely at the ocean)** Oh never mind. Besides, I've been out of water for six minutes and I'm beginning to question my entire lifestyle. **(Exits)**

ARIEL and EVAN are alone. EVAN stirs again and opens his eyes. For a moment he is confused, then he sees ARIEL.

EVAN **(Trying to make sense of what he's seeing)** Are you real?

ARIEL Yes, I am. **(With a cheeky glint)** Are you?

EVAN I think so. I hope so. **(Beat)** You saved me.

ARIEL You were sinking.

EVAN I was drowning. **(Beat)** Thank you. **(ARIEL helps him sit up and he looks at her properly for the first time.)** I've never actually spoken to someone from...

ARIEL From the sea?

EVAN No. **(Beat)** Is it strange, being seen by a human?

ARIEL Is it strange, being pulled from the sea by a mermaid?

EVAN Honestly? It's the best thing that's happened to me all week.

ARIEL laughs. EVAN joins in. A romantic tension is growing.

You're fascinated by it all, aren't you. The surface.

ARIEL Always. Aren't you fascinated by the sea?

EVAN My father's tried put me off it. He's suspicious of anything that isn't dry land.

ARIEL My mother doesn't like the surface. She's frightened of anything that isn't underwater.

EVAN What's it like, down there?

ARIEL **(Searching for the right words)** It's beautiful. And safe. And everyone knows who I am and what I'm supposed to be. And no one is interested in anything else or finding out about the world or meeting new people or...

EVAN **(Gently interrupting her)** No one else is... but I am.

Song: Ariel & Evan – TIME OF MY LIFE

They are about to share a romantic moment but are interrupted by GODFREY'S voice calling from offstage.

GODFREY **(Offstage)** Evan! Evan, where are you?

ARIEL **(Startled)** I have to go.

EVAN I'll find you again, I promise.

ARIEL exits quickly. WILLIS enters from the other side.

WILLIS There you are, thank goodness. We thought you'd become... environmentally integrated.

GODFREY **(Entering and looking him over unimpressed)** You look like you've been dragged through the ocean.

EVAN I have been dragged through the ocean.

GODFREY Well. Don't do it again.

WILLIS How did you get to shore?

EVAN Someone brought me here.

GODFREY What do you mean, someone?

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

Scene Five: The Bargain**TABS OPEN****CYCLEORAMA – UNDERWATER SCENE**

We return underwater. The stage is bustling as DAME BELUGA and the MERMAIDE SISTERS are chattering. THEODORE is trying, and failing to take command.

THEO **(Loudly, to the room)** Right then, the storm is over. All citizens of the Coral are to remain calm, stay in their current positions, and await further instruction while I initiate Aquatic Protocol Seventeen.

DAME What's Aquatic Protocol Seventeen?

THEO **(Slightly less certain)** It's where we all stay calm and don't panic.

DAME And if that doesn't work?

THEO Then we initiate Aquatic Protocol Eighteen.

DAME Which is?

THEO You don't want to know.

MARINA enters. Everyone stops what they are doing.

MARINA Has anyone seen Ariel?

Everyone shakes their head.

DAME **(Helpfully)** We're just on Aquatic Protocol Seventeen, your Majesty.

MARINA **(To THEODORE)** Theodore, are you familiar with Aquatic Protocol Sixty-Three, the one where the Queen wallops her Lobster?

THEO But there is no Aquatic Protocol Sixty-Three.

MARINA There is now!

MARINA whacks THEODORE who stumbles and steps back. FLANDERS and ARIEL enter. FLANDERS is talking to ARIEL and doesn't notice that anyone else is there.

FLANDERS Now listen, we can't say what we were doing, ok. We can't say that we went to look at the surface, or that there was a ship, or anything about the storm, or mention that the prince got thrown overboard, and we mustn't mention that we saved him and took him back to land, and under no circumstances should we talk about how you sang a song together and fell deeply in love. None of that, ok, not a syllable, not a word!

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

Every face in the room turns to look at FLANDERS. Beat.

(Slowly realising) Oh no... I might have said too much.

MARINA What did you say?

FLANDERS Technically, I didn't say anything. I might have mentioned a ship, some swimming and a cover-up. But I said none of it happened. So, in a sense...

ARIEL **(Through her teeth)** FLANDERS.

FLANDERS stops talking.

MARINA Is it true?

Beat.

ARIEL ...Yes.

MARINA You went to the surface?

ARIEL Yes.

MARINA During the storm?

ARIEL Yes.

MARINA And were watching the ship?

FLANDERS Well actually the storm started after we got there...

MARINA shoots FLANDERS a look and he stops talking. The atmosphere is tense.

THEO **(Trying to help)** Your Majesty... As Her Majesty's Most Loyal Hermit, Guarder of the Oysters, Keeper of the Pearls...

MARINA Not now.

THEO **(Stepping back)** Of course.

DAME **(Raising her hand)** If I could just offer a brief...

MARINA Not you either.

DAME **(To the AUDIENCE, slightly wounded)** I was only going to suggest a breathing exercise.

MARINA You were watching the ship, before the storm? How long were you up there?

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

FLANDERS (Trying to save things) Only a couple of seconds, a minute tops.

MARINA (Sarcastically) Only a couple of seconds? Well, that seems barely enough time to get to the surface, see the ship, witness a storm and save someone who got thrown overboard.

FLANDERS You forgot about the song!

Both ARIEL and MARINA shoot him a look. He retreats sheepishly.

ARIEL He was drowning! I had to help him...

MARINA No you did not. **(Beat)** My own parents were caught in fishing nets. They were not causing trouble. They were not anywhere dangerous. They were swimming, in their own sea, in the wrong place at the wrong time, and they never came back. **(Beat)** Ariel, I am not angry with you. I am frightened for you. There is a difference, and I need you to understand it, because I cannot bear to lose you too.

ARIEL I know, and I'm sorry. But I saved someone's life last night. And I can't regret that. And I can't keep being sorry for wanting to know more about the world above us. I just can't.

MARINA Ariel, you are my daughter. That is why I will protect you... even from yourself. Now I forbid you to leave the coral, and we'll discuss the rest later.

MARINA exits. Everyone follows. DAME BELUGA hangs behind.

DAME For what it's worth, I thought you were both excellent. Very clear diction, lovely range of dynamics and a superb vocal timbre. **(Exits)**

ARIEL is alone. Beat. There is an evil chord and OCTAVIA enters with SLIP and SLAP lurking behind her. The AUDIENCE boo.

OCTAVIA (To the AUDIENCE) Oh, don't, I'm here to help. **(To ARIEL)** Ariel my dear, what a terrible morning you've had... Your mother is frightened. The prince is unreachable. And you are stuck down here while he is up there, with the entire ocean between you. Sounds like quite the predicament.

SLIP (To SLAP, excitedly) Ooh, I know, this is the bit where Scarlet Witch would just collapse the probability field...

SLAP She'd reach into the multiverse, pull out the version of events where...

OCTAVIA (Patiently) There is no multiverse.

SLIP There's definitely a multiverse.

SLAP Phase Four was very clear about...

OCTAVIA (Sharply) Enough. Leave us.

SLIP and SLAP exit. OCTAVIA breathes and composes herself.

- OCTAVIA** (To **ARIEL**, charming again) What I am offering is considerably more practical than a multiverse. (She smiles) I can give you legs.
- ARIEL** Human legs?
- OCTAVIA** Exactly! The kind of human legs that will take you to the surface and help you find your prince.
- ARIEL** And in return?
- OCTAVIA** In return, I hold onto that voice of yours while you're up there. Just for safekeeping. You won't need it, you can't exactly explain all of this... (Gesturing to the underwater world) on day one.
- ARIEL** What's the catch?
- OCTAVIA** (Pleasantly) There isn't one.
- ARIEL** There is always a catch. That's Rule One of catches.
- OCTAVIA** I promise there isn't. This plan has fewer catches than the Australian cricket team at the Ashes! (She continues her charm offensive) Here's the deal; I give you legs, and you give me your voice, temporarily of course. Your voice stays in the shell until released, and the whole thing will be like a walk in the park... or anywhere you like with your new legs! Now, do we have a deal?

OCTAVIA presents an outstretched hand. ARIEL is unsure.

- ARIEL** I don't know, it all seems too easy.
- OCTAVIA** And why shouldn't it be. Not everything has to be difficult... like your mother.
- ARIEL** It would be nice to have my own way for once, but I still don't know. (She turns to the AUDIENCE) What do you think, should I make the deal?

The AUDIENCE responds negatively.

Are you sure I shouldn't? She said there wasn't a catch?

The AUDIENCE continue to shout.

- ARIEL** You all seem very much against it. Especially you (NAME OF MAN)
- OCTAVIA** Don't listen to them Ariel, they just want you to leave so they'll daw the raffle and start supper!
- ARIEL** Ok, I'll do it!

"Now, do we have a deal?"

OCTAVIA presents her hand

ARIEL takes OCTAVIA'S hand and they shake. Suddenly a magical transformation begins. The lights flash and a dark, magical sound plays and music swells. By the time the lights go back to normal and the music dies down ARIEL'S transformation is complete and instead of her mermaid's tail she now has two human legs! A beat, ARIEL looks at her new legs.

(Overjoyed) They're amazing!

DAME **(Entering)** What's going on here. I heard all this noise and commotion and I knew it wasn't a male voice choir!

ARIEL Look, Dame Beluga, I've got legs; two brilliant, wonderful, fabulous legs!

DAME Sounds like you've got a thesaurus too!

OCTAVIA I knew you'd like them... and now for your voice.

DAME What about her voice? You can't be doing anything with Ariel's voice; she's my finest pupil!

OCTAVIA Oh Beluga, stop your wailing!

There is another magical sound. A light shines on ARIEL and then travels towards OCTAVIA. She has collected a large seashell from the wings and the light rests upon it before going out.

There, all done.

ARIEL tries to talk, but no sound comes out.

Oh hush, little one, your voice is mine now!

ARIEL and DAME BELUGA look shocked.

DAME Her voice is yours?

OCTAVIA Oh, did I say "mine" I meant it's in this shell. **(Showing the shell)** Whoopsie! Now, off you go, the surface is that way!

ARIEL is excited by her legs, but sad for the loss of her voice. She looks at DAME BELUGA but decides to leave before she changes her mind!

DAME What have you done?

OCTAVIA **(Innocently)** What have I done? She's the one that did it, she's the one who decided to give up her voice for some legs... You can't blame me for this; not really... **(She laughs)**

The AUDIENCE boo.

Oh, please! You lot wouldn't know a happy ending if it came served with fish sauce!

DAME But you can't just steal her voice and put it in a conch, that's shell-fish!

OCTAVIA I haven't stolen it, I've borrowed it... **(Aside)** permanently! **(She laughs)**
Now, if you don't mind, I think I'll be off, evil plans don't make themselves!

There is an evil chord as OCTAVIA exits, laughing manically. MARINA, THEODORE, FLANDERS and the ENSEMBLE enter quickly.

MARINA Where is she? Where is Ariel?

DAME She's gone, your majesty. Octavia gave her legs and took her voice, and now Ariel's gone to the surface to find the prince.

MARINA Then all my fears have come true. My sister has betrayed me and Ariel is lost.

DAME **(Overdramatically falling apart)** It's a disaster!

FLANDERS Come on Dame Beluga, it is bad, but that does seem a little dramatic.

THEO A little dramatic? This is a lot dramatic... it's a complete and utter breakdown of Aquatic Protocol Seventeen!

DAME **(To the AUDIENCE)** Still no sign of Eighteen, then.

THEO **(Trying to recover authority)** Right! New plan! We initiate... Aquatic Protocol Seventeen B!

FLANDERS What's that?

THEO **(Beat)** Panic, but in an organised fashion.

Beat. Then everyone erupts into panic with no organisation.

(Trying to be heard) I said in an organised fashion.

No one takes any notice and continues to panic chaotically.

Oh, I give up.

THEODORE throws his arms up and begins to panic too, arguably worse than everyone else. After a moment a magical sound plays and THE SPIRIT OF THE SEA enters. Everyone stops.

SPIRIT The bargain is sealed and the price has been paid,
Your Ariel walks above, voiceless, afraid.
Octavia holds what was never her own
And plans with that voice to lay claim to the throne.

GODFREY Head over heels in love with you! **(He exits, frustrated)**

WILLIS LOL!

ARIEL enters. She has human legs, but cannot speak. She bumps into EVAN as he turns around and he instinctively steadies her as she stumbles slightly.

EVAN It's you.

ARIEL nods. She smiles. She opens her mouth to speak but she can't. She gestures desperately at her throat.

What's wrong? Are you... can you not speak?

ARIEL shakes her head miserably.

At all?

She shakes her head again.

(Taking a step toward her) I don't understand. You could before, and you sang so beautifully...

GODFREY (Entering and interrupting) Evan! The princesses have arrived early and... **(Seeing ARIEL)** Oh, who is this?

EVAN This is the beautiful woman who saved me from the sea.

GODFREY OMG!

EVAN I told you she was real.

GODFREY You told me she was a mermaid, but look, she's got legs. **(To ARIEL)** What is your name?

ARIEL tries to speak but she can't.

GODFREY Come on girl, you must have a name!

ARIEL tries again, but still she makes no sound.

(Exasperated) WTF! **(To EVAN)** You can't marry someone who can't speak, let alone someone we barely know anything about.

EVAN I know she's got a beautiful singing voice.

GODFREY Oh please, the only thing we know about her, is that she isn't vegan.

EVAN (Confused) How do you know that?

GODFREY If she was, she would have told us already! **(He to EVAN)** Now come on, we need to talk with our guests.

GODFREY leads EVAN and WILLIS away from ARIEL and they mingle with the ENSEMBLE. An evil chord sounds as OCTAVIA enters. SLIP and SLAP follow. The AUDIENCE boo.

OCTAVIA **(Relishing it)** Marvellous. Let it all out. **(To ARIEL, with great warmth)** There she is. My poor sweet silent niece. How are those legs treating you?

ARIEL glares at her.

(To ARIEL, airily) Oh, don't look at me like that. You wanted legs, I gave you legs. A deal's a deal. **(Beat)** What's the problem, catfish got your tongue?
(She laughs) Too bad, but that does give me an idea...

OCTAVIA reveals she is carrying the shell with ARIEL'S voice inside. She taunts her with it.

Remember this?

SLIP **(Helpfully)** This is the part where she does something brilliant!

SLAP Like Doctor Strange with the time stone!

SLIP Or Loki, with glamour and misdirection...

SLAP Bit of chaos.

OCTAVIA Will you two stop it with the Marvel characters already!

SLIP Ooh, someone's coming over all Thanos.

OCTAVIA Get out, now!

SLIP and SLAP exit.

OCTAVIA **(Spotting EVAN)** Aha, there he is... now, let's put this voice to good use, shall we.

OCTAVIA holds the shell up and begins to sing a line from the chorus of the ARIEL and EVAN'S duet from Scene Four. EVAN, across the room, hears it and turns. He recognises the song, but not the singer.

EVAN **(To OCTAVIA)** Who are you?

OCTAVIA Don't you recognise our song?

EVAN I recognise the song, but I don't recognise you. What's going on?

OCTAVIA It's me, I saved you from the shipwreck, surely you remember that?

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

EVAN But I don't understand. You sound like the one who saved me, but
(indicating **ARIEL**) she looks like the girl I remember.

GODFREY comes over to join them.

GODFREY Excuse me, I don't think we've had the pleasure.

OCTAVIA Oh, your majesty, the pleasure is all mine...

GODFREY I couldn't help hear your singing. Your voice is so beautiful I can't believe it!

OCTAVIA (**Savouring it**) Oh, neither can I. It came at quite a price, but then, the most beautiful things always do. It was I who rescued Evan from the storm.

ARIEL tries to intervene but still cannot talk.

GODFREY Please young lady, you've had your fun, now off you go.

ARIEL sighs and exits despondently.

I didn't believe it when Evan told me he was rescued, but here you are! And that gives me an idea. (**Announcing to everyone**) Will you all please gather in the Great Hall, I have an announcement to make.

GODFREY leads OCTAVIA offstage. Everyone follows but EVAN who remains alone. ARIEL enters tentatively carrying a stack of large cue cards. EVAN sees her and is delighted.

EVAN I was hoping you'd come back.

They look at each other for a moment. GODFREY'S voice, from offstage, breaks the tension.

GODFREY (**Off. Calling**) Evan, are you coming?

EVAN (**To GODFREY**) I'll be there in a moment, I'm just talking to someone.

GODFREY (**Off**) Who is it?

ARIEL turns over the cards to reveal the text. Each card is large so the AUDIENCE can clearly read it. The first card says: "Say its Coral Singers"

EVAN (**To GODFREY, offstage**) Its Coral singers.

Musical underscore plays (Suggest 'Silent Night' as per the cue card scene in the film Love Actually) ARIEL starts to go through the cards slowly, showing each one in turn and then passing it offstage as she does. If required, EVAN should read each one out loud.

CARD 1 With any luck, by next year...

CARD 2 I'll be going out with one of these...

CARD 3 contains a large picture of a very weird and strange looking fish. Both ARIEL and EVAN laugh. ARIEL continues to the next card.

CARD 4 And you'll be taking out one of these...

CARD 5 has an image of a plate of Fish and Chips. Again, they both laugh. ARIEL continues with the cards.

CARD 6 But for now, let me say...

Suddenly FLANDERS enters. He is flustered.

FLANDERS Ariel, there you are!

ARIEL looks at him, annoyed. EVAN is confused.

FLANDERS Your mother's looking for you and wants you to come back home.

ARIEL tries to talk to him but she can't.

FLANDERS Yes, I know you can't talk...

EVAN (Interrupting) Excuse me, but what's going on?

FLANDERS She's trying to explain, but you're obviously not... reading the signs. (Beat)
Perhaps she could tell you using ASL?

EVAN Australian Sign Language?

FLANDERS No, Aquatic Sign Language. It's very similar, but instead of using your hands you use your fish fingers.

GODFREY'S voice shouts onstage again.

GODFREY (Off) Evan, will you hurry up!

EVAN I have to go.

EVAN rushes offstage. ARIEL watches him longingly.

FLANDERS I'm sorry Ariel.

She looks sad. FLANDERS looks at the cue cards.

What's with the cards? What are they all about?

ARIEL reveals the final card to read the words "They're about LOVE, ACTUALLY"

Scene Seven: Beneath the Waves

TABS CLOSED

DAME BELUGA enters. She carries one of ARIEL'S cue cards but doesn't show it to the AUDIENCE yet.

DAME Hello everyone, are you having a good time?

The AUDIENCE responds.

Well, that response was a bit *piano*, I wanted a bit more *forte* than that, or at least *mezzo-forte*, but I suppose it's understandable given all that's going on. Ariel has legs but no voice, Octavia seems to be getting in there with King Godfrey and Prince Evan, and all I've got is this picture of a **(NAME OF MAN'S)** ex!

She turns the card around to reveal it is the picture of the weird and strange looking fish from the previous scene.

But enough of that... I've decided to look for Ariel. I can't have my finest student go missing. She's the only pupil I've ever had who didn't make me want to weep into my scales. Trouble is, I have no idea where she is.

MARINA and THEODORE enter.

MARINA Ah, Dame Beluga, there you are. We're going to search for Ariel.

DAME That's what I was going to do. Shall we all go together?

THEO We'll manage without you, thank you.

DAME **(Cheekily/sarcastically)** And remind me, who are you?

THEO I am Lobster Theodore; Her Majesty's Most Loyal Hermit, Guarder of the Oysters, Keeper of the Pearls, Defender of the Reef, and Generally Snappy Dresser!

DAME **(Teasing)** That's a very long name; it must be hard being Hermit of her Majesty's pearls.

THEO I am not the hermit of her Majesty's pearls! I am Lobster Theodore; her Majesty's most loyal...

MARINA **(Interrupting)** Ok Theodore, we get it. And Dame Beluga, leave my pearls out of it! Now let's get going, or we might be stung by a Jellyfish.

DAME But Jellyfish aren't interested in premeditated, illegal and fraudulent financial scams.

MARINA Not that kind of sting.

CURTAINS SLOWLY OPEN
CYCLORAMA – UNDER THE SEA

A JELLYFISH appears behind them. The AUDIENCE shouts.

- DAME** What are you all shouting about? What? There was a Jellyfish? Where? Behind us? Oh dear, what are we going to do?
- THEO** We could initiate Aquatic Protocol Twenty-One?
- MARINA** What's that?
- THEO** It's where we sing a song while trying to avoid the Jellyfish and the Audience shout to tell us if they see one.
- DAME** That sounds very specific, and somewhat hastily invented for this very situation, but it'll do the job. What shall we sing?
- MARINA** How about **(NAME OF SONG)?**
- DAME** Excellent, I love that one. But which bit, where do we start?

The AUDIENCE respond "From the top!"

That's a very good idea, but for the sake of brevity shall we just do a short chorus instead?

- MARINA** Agreed. After four... Four!

SONG TBA

DAME BELUGA, THEODORE and MARINA all sing a short refrain. As they are singing a JELLYFISH appears behind them and the AUDIENCE shout. When they finish singing the JELLYFISH exits. (Adlib dialogue as appropriate)

- DAME** **(To the AUDIENCE)** Why are you shouting? What? There's a Jellyfish? Behind us? Let's have a look then...

They all turn around to look behind them.

- ALL** There's nothing there!
- MARINA** Thank you for shouting, but only do it if there actually is a Jellyfish there, ok? Come on, let's keep singing.

DAME BELUGA, THEODORE and MARINA sing again. A JELLYFISH enters behind them and taps MARINA on the shoulder and chases her offstage.

- DAME** What is it this time? There's a Jellyfish? But we already looked and there was nothing there! What? There is a Jellyfish? Ok, we'd better have a look then.

DAME BELUGA and THEODORE turn around to look behind them.

D & T There's nothing there!

DAME Hang on, where's Queen Marina?

THEO She was there a minute ago. **(To the AUDIENCE)** Did you see where she went? What, she was chased by a Jellyfish? But you said that last time! Come on Dame Beluga, let's just keep singing.

DAME BELUGA and THEODORE sing again. Again, the JELLYFISH enters behind them and taps THEODORE on the shoulder and chases him offstage.

DAME What is it now? Another Jellyfish? I don't believe you. Do you believe them Theodore... wait, where did Theodore go? What he was chased by the Jellyfish? Oh dear, well I suppose I'd better keep singing.

The AUDIENCE responds.

He was chased by the Jellyfish? This is too much; I'm going to keep singing.

DAME BELUGA sings again. The JELLYFISH enters and taunts her.

There's a Jellyfish behind me isn't there? Why didn't you shout and tell me! **(Beat)** I suppose I just have to face my fears and confront it!

DAME BELUGA turns to face the JELLYFISH. The JELLYFISH takes one look at her, screams and runs offstage. DAME BELUGA turns to the AUDIENCE.

Oh dear, I think the Jellyfish had a wobble! **(She exits, chuckling to herself)**

There is a magical sound as THE SPIRIT OF THE SEA enters.

SPIRIT Our heroes are scattered, bedraggled and damp,
Their spirits still burning, but the dame is still camp.
They're heading for Octavia, brave, if confused,
A lobster, a Dame and a queen, unamused.
And Ariel? She's coming, still silent, still strong,
Her voice in a shell, but it won't be held long.
The shell cannot hold what was never hers to take,
The tide will now turn for Ariel's sake.

There is a magical sound as THE SPIRIT OF THE SEA exits.

Scene Eight: Octavia's Lair

CYCLORAMA – DARK DINGY CAVE (MAYBE FISH BONES / WEIRD JARS OF STUFF ETC. LAYING AROUND)

TABS OPEN

The stage is dark, dramatic and theatrical. The Shell, with ARIEL's voice inside, sits upon a plinth and is lit with a spotlight. OCTAVIA is surrounded by the ENSEMBLE as horrid looking fish and other sea-creatures. She leads them in song.

Song: Octavia and Ensemble – POOR UNFORUNATE SOULS

OCTAVIA All my plans are coming together; deliciously, deviously, and on schedule. (She calls offstage) Slip! Slap!

SLIP and SLAP enter. SLIP has a homemade Captain America shield (made from a Frisbee, or similar) SLAP wears a homemade Ironman Gauntlet (a washing-up glove with a torch taped to it)

S & S (Proudly) Avengers assemble!

SLIP (Raising his shield) I am Captain America!

SLAP (Raising the gauntlet) And I am Iron Man!

OCTAVIA Don't be ridiculous. You're wearing a washing-up glove with a torch taped to it.

SLAP It's a Repulsor Beam.

OCTAVIA It's a rubber glove.

SLIP Captain America never had this problem.

OCTAVIA (Dismissively) Captain America had a super-serum, a vibranium shield and the moral high ground. You, on the other hand, have a Frisbee. (Beat) Now. I have news.

SLIP (Excited) Ooh. Is it good news?

OCTAVIA As you know, I convinced King Godfrey that I, not my wretched silent niece, am the woman who saved Prince Evan's life. (Savouring it) And tonight, he gave his blessing for Evan to marry... me!

SLAP (Gasping) You're going to be a princess?!

OCTAVIA A Princess of the land and the Queen of the Sea. Once I get my hands on my sister's Trident that is! (She laughs manically)

SLIP Now that does sound very Doctor Doom!

OCTAVIA It won't be long before I have the Trident, **(Indicating the Shell)** and I already have Ariel's voice, and what a voice it is! **(Regaining composure)** But seeing as you two are about as useful as a cat-flap on a submarine, I want to be very clear about something; you are not to say a word of this to anyone, I don't want to let the cat out of the bag!

SLIP You mean the feline out of the submersible!

OCTAVIA Oh Slip, you are a wet fish! Now get out, all of you, or I'll have you served with tartar sauce!

OCTAVIA, SLIP, SLAP and the ENSEMBLE exit. Beat. DAME BELUGA enters followed by MARINA, FLANDERS and THEODORE.

DAME This must be Octavia's lair; the décor is very tentacle-chic.

MARINA Indeed, but we still haven't found Ariel.

DAME **(Noticing the shell)** No, but look, this shell is where Octavia put Ariel's voice when she gave her legs.

FLANDERS In any other situation that sentence would be considered nuts, but here it makes perfect sense!

MARINA How do we get the voice out?

DAME Can't be too hard, now let me see...

DAME BELUGA begins to inspect the shell.

THEO Are you sure we should be doing that without Ariel here?

DAME Nonsense, it'll be fine. Aha! **(She does something to open the shell)**

There is a magical sound and the lights start flashing.

MARINA What's going on?

FLANDERS No idea, but it looks like we're at Eve Late Night Bar.

The lights stop flashing. The spotlight on the shell has gone off and an identical spotlight appears on DAME BELUGA.

MARINA What just happened?

FLANDERS No idea, but I don't think we're at Eve Late Night Bar.

By opening the shell, ARIEL'S voice was released. It has attached itself to DAME BELUGA who now speaks with ARIEL'S voice. (ARIEL is actually just

offstage, timing her speech with DAME BELUGA'S lips moving.) From now on, each time the spotlight lands on someone else, ARIEL'S voice passes to them.

DAME (In ARIEL'S voice) Luckily nothing strange happened. (Beat) Woah, that's not my voice!

MARINA No, it's Ariel's.

DAME (In ARIEL'S voice) Well, she isn't here, so I'll have it for safekeeping. How about a quick sing... (She sings with ARIEL'S voice)

MARINA Stop that, immediately, or I'll stop it for you!

THEO Aha, Aquatic Protocol Sixty-Three.

MARINA Give my daughter's voice back. Now (She shakes DAME BELUGA)

The lights flash and there is a magical sound. The spotlight disappears from DAME BELUGA and now appears over FLANDERS.

DAME What just happened?

FLANDERS (In ARIEL'S voice) I've got a bad feeling about this. (He claps both his hands over his mouth)

MARINA Oh no, you're not getting the voice either.

MARINA goes to shake FLANDERS. FLANDERS starts shaking her back. THEODORE is cross FLANDERS is doing so and attempts to pull FLANDERS away.

THEO I command you to stop that, as Lobster Theodore; Her Majesty's Most Loyal Hermit...

The lights flash again and the light moves from FLANDERS to THEODORE. ARIEL'S voice jumps to THEODORE as he finishes his sentence.

(In ARIEL'S voice) ...Guarder of the Oysters, Keeper of the Pearls, Defender of the Reef, and Generally Snappy Dresser!

MARINA Now you've got Ariel's voice!

THEO (Still in ARIEL'S voice) I'm so sorry your Majesty, I didn't mean to get it.

THEODORE touches MARINA'S shoulder apologetically. The lights flash and the spotlight moves to MARINA.

MARINA (In a male voice (Also spoken/mimed by someone offstage)) But I don't want Ariel's voice. (Beat. Horrified) I don't want this voice either!

Everyone is confused.

FLANDERS Whose voice is it?

DAME I know... it's **(NAME OF MAN'S)**!

MARINA Oh dear!

DAME **(Shaking MARINA)** Give it back to me

FLANDERS **(Shaking MARINA)** No, I'll take it.

THEO **(Also shaking Marina)** Give it to me!

Suddenly all the lights go haywire and magical sounds play. Everyone braces and then the lights go back to normal. In the commotion ARIEL enters. The spotlight settles on her.

DAME Where did it go? Who's got Ariel's voice.

ARIEL **(Speaking in her own voice)** I have.

From now on everyone speaks with the correct voices again. They are all pleased to see her.

MARINA Oh Ariel, I thought I'd lost you! Tell us everything that's happened.

ARIEL I bet a lot's happened to you too?!

DAME Well, where do we start?

The AUDIENCE respond "From the top!" A beat. SLIP and SLAP interrupt.

SLIP Excuse me, but you're not supposed to be here!

SLAP Oh no, Ariel's got her voice back... what are we going to do, that'll really put a spanner in Octavia's wedding plans!

DAME What wedding?

SLIP Octavia's going to marry Prince Evan, and then she's going to steal the trident and rule both the land and the sea!

Beat. Everyone stops and stares at SLIP

SLAP Um... She told us not to tell anyone that.

FLANDERS **(Mischievously)** Looks like someone's had a Slip-up!

ARIEL We need to get to that wedding, now.

SLAP Not so fast, or we'll catch you, like Spiderman!

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

SLIP But I'm not Spiderman, I'm Slip!

SLAP Alright, like Slipper-Man!

FLANDERS What are you going to do, throw comfortable shoes at us!

SLAP No, but this lot will!

Several **ENSEMBLE** members enter, armed with Slippers.

DAME Run!

DAME BELUGA, ARIEL, MARINA, FLANDERS and THEODORE scatter and run. The ENSEMBLE fire their Water-Pistols at them, catching the AUDIENCE in the cross fire! Music plays as everyone exits in the melee.

TABS CLOSED

EVAN and WILLIS enter, both wearing inflatable armbands.

WILLIS So remind me, sir, why are we wearing armbands?

EVAN Because once I marry the girl from the sea, I'll need to be able to swim. I can't have a water-wife if I can't swim, can I?

WILLIS No sir, and are you sure 'water-wife' is the correct term?

EVAN I can't very well call her a fish-wife, can I? **(Beat)** Now, word has it that you're the most accomplished swimmer in the royal household.

WILLIS Yes sir. I know all the techniques... doggie paddle, breaststroke, backstroke, butterfly...

EVAN What choo talking about Willis?

WILLIS Diff'rent Strokes.

GODFREY enters. He is wearing inflatable armbands on both arms, and a rubber ring around his waist. He carries two more rubber rings.

GODFREY (Handing them each a rubber ring) Here. Take these.

EVAN Father, we're on dry land.

GODFREY Yes, and you're about to marry a fish, so I'm not taking any chances!

WILLIS (Looking at his rubber ring) Your majesty, what do you want us to do with these?

GODFREY I want you to wear them.

EVAN That reminds me, I saw what you wanted me to wear for the wedding ceremony, and I'm not sure it's appropriate.

GODFREY Nonsense, a wetsuit is still a suit!

WILLIS And are you sure this is a good idea?

GODFREY Of course it's a good idea, you'll drown if you don't wear it.

WILLIS I meant the wedding, sir.

GODFREY The wedding will be fine. The ring is non-negotiable.

WILLIS Ok, but I've got this funny feeling that something isn't quite right.

EVAN What do you mean, that something's fishy?

WILLIS Everything seems too easy, and, apart from her singing voice, your bride to be isn't anything like you described. Are you sure you're marrying the right person?

GODFREY Of course he is! Don't listen to him Evan. Follow your heart... and Beyonce!

EVAN and WILLIS are confused.

E & W What?!?

GODFREY If you like it, put a rubber-ring on it!

EVAN and WILLIS laugh.

EVAN That joke was terrible.

GODFREY I know, but it's still my royal prerogative! **(He exits)**

WILLIS (To EVAN) Are you coming?

EVAN In a minute.

WILLIS exits. EVAN is alone.

There is a magical sound and THE SPIRIT OF THE SEA appears.

SPIRIT You're standing still while the others have gone,
Is something the matter, or something not wrong?
A wedding day jitter, or something more true?
You can trust in me, I'm here just for you!

EVAN I'm not sure. I'm getting married today and I should be excited, but I can't stop thinking about that song.

SPIRIT A song can be borrowed, a song can be learned,
But some songs are carried; they cannot be earned.
You first heard her voice after the storm,
It went straight to your soul and kept your heart warm,

Then later again, you heard on dry ground,
The very same voice, the very same sound,
But something was different, you know it down deep,
So, tell me, who chooses the voice that they keep.

EVAN I don't understand, I don't know what to do.

SPIRIT Don't worry, Dear Evan, just play your part,
And you'll soon hear the voice that sings to your heart!

Scene Ten: The Wedding**TABS OPEN****CYCLORAM – OUTDOORS AT THE ROYAL PALACE – WEDDING FLOWERS
ETC**

The Royal Palace in its full splendour, dressed for a wedding. The ENSEMBLE as courtiers and wedding guests fill the stage. KING GODFREY stands at the front, officiating. EVAN stands beside him.

GODFREY We are gathered here today, in the sight of the sea, the sky, and an audience of strangers, to celebrate the marriage of my son, Prince Evan, to the woman who saved his life. A woman of great beauty, extraordinary talent, and a voice that stops you in your tracks.

EVAN Stop, father, I don't think I can do this.

GODFREY What are you talking about, isn't this what you wanted?

EVAN I've just got this funny feeling.

GODFREY I didn't know indigestion was contagious!

There is an evil chord. OCTAVIA enters in bridal costume. The AUDIENCE boo. SLIP and SLAP follow, each wearing a homemade superhero cape.

OCTAVIA (Relishing the boos) Marvellous. All for me.

SLIP We look amazing.

SLAP We look like superheroes.

OCTAVIA What Superheroes are you trying to look like this time? Superman? Aquaman?

SLAP Oh no, we only like Marvel Superheroes and those two are under DC!

SLIP (To the AUDIENCE) Under the Sea/Under DC... Get it? We've been building up to that joke all show!

GODFREY (Beginning the ceremony) We are here to join these two in matrimony. If anyone knows of any reason why they should not be married, speak now or...

DAME BELUGA, MARINA, THEODORE, FLANDERS and ARIEL burst onstage.

DAME Stop the wedding!

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

GODFREY Who are you?

MARINA I am Queen Marina of the Sea and I demand you stop this wedding now!

GODFREY You can't demand that.

MARINA I can, it's my royal prerogative!

GODFREY The royal prerogative's mine, besides, I don't trust you, and we have nothing in common!

THEO How very dare you, for this is Queen Marina and I am Lobster Theodore...

DAME **(Quickly interrupting)** Alright, Theodore, we don't have time for that, or we'll never get to the end of the panto!

OCTAVIA What are you talking about? This is a wedding, not a pantomime.

FLANDERS I think you'll find it's both!

OCTAVIA Oh no it isn't!

ALL Oh yes it is!

OCTAVIA Oh no it isn't!

ALL Oh yes it is!

OCTAVIA Isn't, isn't, isn't!

ALL Is, is, is!

OCTAVIA Fine, it is both, but we're getting married, NOW!

EVAN **(Noticing ARIEL)** Hang on a minute, I recognise you... You had those cards, and I'm sure I've seen you somewhere else too?

OCTAVIA Rubbish! She's just an insignificant nobody. Now let's get on with it.

MARINA How dare you! She isn't an insignificant nobody, she's my daughter, and heir to this trident! **(She raises the trident)**

OCTAVIA **(Unable to hold her charade any longer)** Oh will you stop it with the trident, yes, you're ruler beneath the waves, but it should have been me, so I tricked Ariel into giving me her voice so I could fool Prince Evan into marrying me and it's not fair, it just isn't fair!

Everyone is stunned.

EVAN What did you just say?

The Little Mermaid

Copyright © 2026 Nick Lawrence Pantomimes

OCTAVIA (Trying to regain her composure) Um... I... (She can't)

EVAN I thought you were the one who saved me and I was going to marry you.

Both MARINA and GODFREY speak at the same time.

M & G (Pointing at OCTAVIA) Arrest her!

GUARDS arrest OCTAVIA.

(To each other) What did you just say?

DAME You both tried to have Octavia arrested, seems like that's one thing you do have in common!

EVAN And, unless I'm mistaken, (indicating ARIEL) You're the one who saved me, you're the one with the beautiful voice and that means... you're the one I want to marry.

OCTAVIA She can't be! She can't even talk, let alone sing.

DAME Of course she can sing, she's had the best singing teacher in the Seven Seas! Go on Ariel, show them what you can do!

ARIEL sings a line from their song. Everyone is amazed, OCTAVIA scowls.

ARIEL Sorry Aunt Octavia, I've got my voice back and I'm never letting it go again!

GODFREY (To MARINA) Would you like to do the honours, or shall I?

MARINA It would be my pleasure... (To the GUARDS) Take her away and lock her in the deepest part of the ocean!

OCTAVIA No! Not the Marina's Trench!

The GUARDS march OCTAVIA offstage. EVAN and ARIEL talk.

EVAN It is really you?

ARIEL Are you still afraid to talk to mermaids?

EVAN No, are you scared to be seen by humans?

They both laugh.

ARIEL So what do we do now!

WILLIS It seems a shame to go to all this effort and not have a wedding.

EVAN But we only met 20 pages ago, that's hardly the basis for marriage.

ARIEL It's alright, I'm game if you are.

GODFREY Well in that case... We are gathered here today, in the sight of the sea, the sky, an audience of strangers and... **(He pauses)** No this isn't right.

EVAN and ARIEL look worried.

No, no, I mean that, if you two are getting married, then I need to change my thinking about the sea. I've always been sceptical, but I think it's time I opened my mind and looked for the good that's out there too.

MARINA He's right. I have good reason to be fearful of the land, but perhaps it doesn't hurt to take a step back and reassess every now and again.

There is a magical sound and THE SPIRIT OF THE SEA appears.

SPIRIT A voice was once stolen, a bargain once made,
A princess once silenced, a trick once well-played.
But love has a way of undoing the wrong,
It returned what was stolen, and gave back her song.

Two worlds stood apart, kept by fear and by grief,
But this girl and this boy were the start of relief.
And if two rulers here, from the land and the sea,
Can stand side by side, well, that's how it should be.

There's just one more thing, these two must be wed,
Vows must be made and words must be said
Our ending is here, and the moment's upon us...
So Marina and Godfrey, will you do the honours?

GODFREY and MARINA speak together.

G & M By the power vested in us, we now pronounce you... husband and mermaid!

Everyone cheers.

Scene Twelve: Finale/Bows

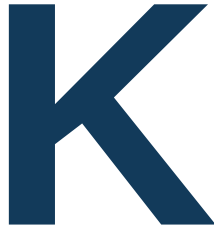

Music. The cast take their bows and line up across the front of the stage.

ARIEL Our story is now over, there's no more left to tell,
EVAN We had quite the adventure, and lots of fish as well,
MARINA I learned that courage is sometimes letting go,
GODFREY I learned the sea's not scary with a rubber ring in tow,
OCTAVIA I learned that wickedness is always doomed to fail
DAME And **(NAME OF MAN)** learned to sing, I saved us from his wail!
FLANDERS The moral of our story is that love will never tremble,
SLIP You can be your own hero...
SLAP And Avengers can assemble.

DAME BELUGA stops the rhyme.

DAME What are you talking about?
SLIP & SLAP Sorry!
SPIRIT The crux of our adventure is that love and truth will out,
THEO And to use the voice you have to sing so very loud!
EVAN We're glad that you could join us, our thanks is so sincere,
ARIEL So all that's left to say is...
ALL See you again next year!

SONG – PIRATES OF THE CARIBBEAN THEME SONG

PART K Quick Reference Cards

Seven one-page cards: rig layout, desk layout, DMX and network, specials and looks, system connections, first-time setup, and session start-up and shut-down.

Revision R13.1 · 28 September 2026

1 Rig layout

One FOH truss, two stage bars (LX1, LX2) and a floor boom in each wing. Projector centre stage towards the back, throwing upstage onto the screen.

Position	Fixtures (desk numbers)	Qty
FOH truss	8 × Lightsky C42 #1–8 (#1–6 faces, #7 SP1 Ariel, #8 SP2 Spirit)	8
LX1 — downstage bar	4 × C42 #9–12 (SP3 Octavia, SP4 Shell, V1 Dame, V2 Flanders) · 6 × Zoom #13–18 colour wash	10
LX2 — upstage bar	2 × Zoom #19–20 (V3 Theodore, V4 Marina) · 7 × TourCOB #23–28, 39 · 6 × PixBar #33–38	15
SR floor boom	Zoom #21 high · TourCOB #29 mid, #30 shin	3
SL floor boom	Zoom #22 high · TourCOB #31 mid, #32 shin	3
Floor, upstage	Hazer #40	1
Optional	Pinspots #41–42 on the FOH truss ends (mirror ball only)	(2)

THE RULES

Faces come from FOH (C42 #1–6). LX1 = colour top wash. LX2 = backlight + PixBars, focused downstage and never onto the screen (R-25). Booms = side colour across the stage (R-26). Every fixture keeps its desk number and address wherever it hangs. Proposed wet zone mid-stage audience-left — confirm at the site walk.

2 Desk layout

LSC Mantra Lite + 2 wings · TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr · QLab fires every cue — the desk is the backup.

Page	Purpose	Memories
P1	Venue / rig base	M1 STAGE WORK · M2 FULL WHITE · M3 WARM · M4 COOL · M5 BLUE · M6 RED · M9 PIXBAR WASH · M10 CURTAIN CALL
P2	Act One — scene sections	M1 Q1–11 · M2 Q12–17 · M3 ship/storm Q18–27.5 · M4 shore/duet Q28–30.5 · M5 bar/transformation Q31–37 · M6 interval Q38 · M9 WORK/FOCUS · M10 SAFE LIGHT
P3	Act Two — scene sections	M1 palace Q39–44 · M2 jellyfish Q45–49 · M3 lair/voice/haywire Q50–58.5 · M4 dry land Q59–59.7 · M5 wedding Q60–63.5 · M6 bows/end Q64–65
P4	Songs	M1 S1 Rock Lobster ... M10 S10 He's a Pirate
P5	FX / chases	M1 WARM CHASE · M2 COOL CHASE · M3 PARTY CHASE · M4 HAZE · M5 HAYWIRE · M6 JELLY PULSE
P6	Look library	M01 BLACKOUT ... M10 MAGIC
P7	Look library	M11 LAIR ... M16 BOWS · M7 = M17 SAFE LIGHT
P8	Backup / reference	M1 = the full 153-position list (BACKUP - 01 PRESHOW ...)
Control	Use	
P2 M10 SAFE LIGHT	Emergency face light (QLab E3 fires it too)	
Next Cue on a P2/P3/P4 memory	Backup only, if QLab or the network fails — press again after each flash	
P5 M4 HAZE	Hazer #40 on its fader (50 %, fan 50 %)	
P5 M5 HAYWIRE	QLab starts it at Q57 and stops it at Q57b	
P5 M6 JELLY PULSE	Bump for extra Q47 repeats	
O · A then L · T then S	All Cues Off · Clear All · Save	

NO LINK TIMES

No link times are set on the desk: QLab fires every flash return (Q21, Q23, Q25 +0.2 s · Q35 +0.3 s · Q47 +1 s · Q57b +0.3 s) and releases each memory as it leaves it.

3 DMX and network

Universe 1 on the desk XLR, universe 2 over Ethernet to a node. One chain per universe, terminated.

U	Addresses	Fixtures
U1	1–36	PixBars #33–38 (6 ch)
U1	37–38	Pinspots #41–42 (optional)
U1	301–420	Zooms #13–22 (12 ch)
U1	421–486	TourCOB #23–32, #39 (6 ch)
U1	487–488	Hazer #40 (2 ch)
U2	101–232	Lightsky C42 #1–12 (11 ch)
Item	Setting	
Desk	2.0.0.1 / 255.0.0.0, DHCP off · Art-Net + sACN on (turn off the unused one)	
U1 route	Desk XLR → LX1 → LX2 → SR boom → SL boom → hazer · terminate	
U2 route	Desk Ethernet → switch → node 2.0.0.10 → FOH C42 #1–8 → LX1 #9–12 · terminate	
Node	sACN universe 2, or Art-Net 0-0-1	
QLab → desk	OSC Play Memory, UDP 2.0.0.1 port 8000 (add the trigger on the desk)	

KEEP AT 0

Control, Strobe, Reset, Auto speed, Other, Default, Zoom (except in focus), CCT and Colour macro. Modes: C42 11 ch · Zoom 12 ch · COB 6 ch · PixBar 6 ch · hazer 2 ch.

4 Specials, looks and critical sequences

Special	Character	Fixture	Mark
SP1	Ariel	#7 C42 FOH	DSC
SP2	Spirit	#8 C42 FOH	DS audience-left
SP3	Octavia	#9 C42 LX1	US audience-right
SP4	Shell	#10 C42 LX1	Plinth
V1–V2	Dame, Flanders	#11–12 C42 LX1	Voice marks 1–2
V3–V4	Theodore, Marina	#19–20 Zoom 13° LX2	Voice marks 3–4

Look	Desk	Colour
M01 BLACKOUT	P6 M1	
M02 HOUSE	P6 M2	
M03 UNDERWATER	P6 M3	
M04 COMEDY	P6 M4	
M05 ROYAL	P6 M5	
M06 SHIP	P6 M6	
M07 SHORE	P6 M7	
M08 STORM	P6 M8	
M09 LIGHTNING	P6 M9	

Look	Desk	Colour
M10 MAGIC	P6 M10	
M11 LAIR	P7 M1	
M12 VOICE SHELL	P7 M2	
M13 JELLYFISH	P7 M3	
M14 DRYLAND	P7 M4	
M15 WEDDING	P7 M5	
M16 BOWS	P7 M6	
M17 SAFE LIGHT	P7 M7	

Sequence	Cues	Desk	Note
Storm	Q20–27.5	P2 M3	Flashes 21/23/25 return +0.2 s (QLab)
Transformation	Q33–36	P2 M5	35 white hit → 35b +0.3 s
Voice transfer	Q52–57b	P3 M3	Shell → Dame → Flanders → Theodore → Marina; HAYWIRE Q57 → Q57b
Jellyfish	Q45–49	P3 M2	47 pulse returns +1 s; repeats on P5 M6

5 System connections

How QLab, the Mantra, the StudioLive, the node and the projector link. Subnet 255.0.0.0 for everything.

Device	IP	Settings
Mantra Lite	2.0.0.1	Art-Net + sACN · OSC Play Memory trigger port 8000
Art-Net / sACN node	2.0.0.10	Universe 2
QLab Mac	2.0.0.20	Manual IPv4 · Wi-Fi off · MANTRA patch → 2.0.0.1:8000 on the Ethernet interface
Backup Mac	2.0.0.21	Optional — songs as plain files (R-08)
StudioLive 16	2.0.0.30	Optional — iPad / UC Surface
Link	Carries	
QLab → StudioLive (USB)	Playback on ch 11–12 · backup playback ch 13–14 · radios ch 1–8	
QLab → projector (HDMI via HDBaseT)	Backdrops · VID-99 black	
Stream Deck → QLab (USB)	GO · Panic · F13/F14/F15 → E2/E3/E1	
Desk XLR / Ethernet	Universe 1 DMX · universe 2 Art-Net/sACN via node	

TEST IN THIS ORDER

1 Sound: any QLab cue — level on ch 11–12. 2 Lights: QLab E3 SAFE LIGHT — desk plays P2 M10; then Q4 — desk plays P2 M1 cue 4. 3 Universe 2: C42 #1 up. 4 Video: Q4 — BG-02 fades up; E2 → black.

6 First-time setup

Once, at the first venue session. About three hours with the rig hung.

1 Rig and patch

1. Hang and focus (card 1); booms weighted; projector on the bar with its bond.
2. Check modes and addresses (Part C); cable U1 and U2; terminate both.

2 Network

1. Mantra, node and QLab Mac on the show switch. No internet, no Wi-Fi.
2. Mac: Network > Ethernet > TCP/IP > Manually 2.0.0.20 / 255.0.0.0, router blank. Node 2.0.0.10.

3 Mantra

1. Tools > Export Show (venue backup).
2. Tools > Import Show > TLM_SHOW_2026_R13_FLASHY_SCENE_SPLIT.mtr. Check P2 Act One, P3 Act Two, P4 songs, P5 FX, P8 backup.
3. Tools > Setup > Remote Triggers > Add > OSC · Play Memory · port 8000. Turn off Art-Net or sACN (whichever the node doesn't use).
4. Save (T S) and set as Default Show. **No link times needed.**

4 QLab Mac

1. Harden the Mac (R-07); install QLab 5 and the licence.
2. Put TLM_R13_REBUILT_Show_Files on the Desktop (exact name). Open TLM_Show_R13_1.qlab5.
3. Workspace Settings: Audio → StudioLive USB · Video Stage 1 → projector · Network MANTRA → Ethernet interface. Save.
4. Check no red cues; select Q4's audio — target ends in _v2.wav.

5 StudioLive

1. USB to the Mac: ch 11–12 = USB (QLab), 13–14 = backup, radios 1–8.
2. Gains/EQ; principals on one DCA; save scene TLM SHOW.

6 Stream Deck

1. Import TLM QLab Show.streamDeckProfile.
2. In QLab give E2 hotkey F13, E3 F14, E1 F15 (Triggers tab); save.

7 Test and back up

1. Step through a cue-to-cue from Q1 (Part L); fix anything red.
2. Export the Mantra show to USB; copy the whole show folder to a second drive.

7 Start-up and shut-down — every session

When	Do
T-90 power up	Mains/RCDs → fixtures, node, switch → Mantra (loads the Default Show) → projector → StudioLive (scene TLM SHOW) → amps last
T-80 QLab Mac	Wi-Fi off, charger in. Open TLM_Show_R13_1.qlab5 from the Desktop folder. No red cues; Stream Deck profile; projector = Stage 1 (not mirrored)
T-70 system check	E3 SAFE LIGHT → desk plays P2 M10; ROW memories check every fixture; a QLab cue → ch 11–12; Q4 → BG-02; E2 → black
T-45 reset	Esc (Panic) in QLab; Mantra O (All Cues Off). Playhead on Q1; Show Mode. Haze check and detector isolation logged (R-13)
T-30 house open	SM calls Q1 → GO. From here every cue is one GO in QLab (Space or Stream Deck)
Shut-down	
1	QLab: Esc (Panic), then save
2	Amps / speakers off first
3	StudioLive off (save the scene if changed)
4	Projector standby — let the fan finish
5	Mantra: save if changed, export to USB, power off
6	Fixtures, node, switch off; Mac off; hazer off and clean

IF SOMETHING FAILS MID-SHOW

Lights: the matching Mantra P2/P3/P4 memory with Next Cue (again after each flash) · SAFE LIGHT = P2 M10. Sound: backup playback ch 13–14. Video: E2 black or AV-mute. Keep going — the SM decides on any hold.

PART L Stream Deck & Tech Test Run

Stream Deck key layout and profile set-up, emergency hotkeys, and the tech test run that steps through every cue, song section and critical sequence of the show.

Revision R13.1 · 28 September 2026

Stream Deck & Tech Test Run

The show operator's Stream Deck, and a structured run through every cue

8	83	66	4
Stream Deck keys	master cues	song-section GOs	critical sequences

1 Stream Deck

Key	Where	Does
GO	row 1, key 1	QLab GO (Space)
PREV	row 1, key 2	Playhead up (↑)
NEXT	row 1, key 3	Playhead down (↓)
PANIC	row 1, key 5	QLab Panic (Esc) — fades and stops everything in QLab
VIDEO BLACK	row 2, key 1	F13 → E2 VID-99 BLACK
SAFE LIGHT	row 2, key 2	F14 → E3 SAFE LIGHT (Mantra P2 M10)
STOP SOUND	row 2, key 3	F15 → E1 STOP ALL
SAVE	row 3, key 5	Cmd+S — rehearsals only

Every key is a plain Hotkey, so QLab must be the front window. The profile (05_Stream_Deck/TLM QLab Show.streamDeckProfile) holds this layout.

A Import the profile

1. Install the Elgato Stream Deck app; plug the Stream Deck in.
2. Double-click TLM QLab Show.streamDeckProfile > Import. Select the TLM QLab Show profile.
3. If the import fails, build the keys by hand: System > Hotkey on each key, press the key in the table, add the title.

B Give the emergency cues their hotkeys in QLab

NOT SET IN THE WORKSPACE

E1–E3 exist below cue 66 but have no hotkeys yet.

1. Select **E1 STOP ALL** > Inspector > Triggers > tick Hotkey > press F15.
2. Select **E2 VID-99 BLACK** > Triggers > Hotkey > F13.
3. Select **E3 SAFE LIGHT** > Triggers > Hotkey > F14.
4. Save. Press each Stream Deck key once with the projector and the Mantra on.

Optional: Figure 53's QLab plugin can fire GO, Panic and any cue even when QLab isn't in front — keep the same positions and icons. Allow OSC access in Workspace Settings > Network (no passcode).

2 Tech test run

Run the test straight from the workspace in the passes below; no script is needed.

Before you start

- ☐ QLab front window, Edit Mode
- ☐ Mantra on, Default Show loaded, O (All Cues Off)
- ☐ Haze off, water disconnected
- ☐ Playback low on the StudioLive
- ☐ Anyone on stage warned before storm and flash cues
- ☐ SAFE LIGHT (F14) ready throughout

Run order

Pass	How	Pass criteria
1 Check	Scroll the cue list: no red (broken) cues. Workspace Settings: audio, video, network set.	No red cues except known placeholders
2 Emergency	F14 → P2 M10 · F13 → black · F15 → stop	Desk, projector and audio respond
3 Step through	From Q1 with SM, show operator and Sound on headset: GO each cue, tick the table below	Every cue fires light, sound and video
4 Critical	Step again from Q20 (storm), Q33 (transformation), Q45 (jellyfish), Q52 (voice transfer)	Flashes return; releases; HAYWIRE on/off

Pass	How	Pass criteria
5 Songs	From each song group: S# GO, then each section GO	Track starts; scene memory released; sections change
6 Show day	Quick step-through of one cue per memory with sound low	System check before the house opens

SAFETY DURING THE TEST

Haze off and water disconnected. Warn anyone on stage before storm, flash and HAYWIRE cues. Keep playback low — songs start for real. SAFE LIGHT stays one key away.

Test notes / faults to fix
